

Comments from our Happiness Survey..

“Outstanding school, always supportive to parents as well as students”

“Amazing school! We are proud to be part of the Buckswood family. Buckswood has helped my son to regain his confidence and I am very thankful for that. Bullying is a major hidden issue in most public schools which make teenagers very unhappy and depressed. Buckswood offers an environment where bullying is unacceptable and I am very thankful for that too

Really happy with school. Would like him to be pushed more academically. Some of the work he does now is easier than year six. This is possibly a general secondary issue as they may not have caught up with the expectations of year 6 pupils in the last year or two. I would also prefer if Buckswood 'set' for maths and English and if the students progress was tracked in line with mainstream schools. I would certainly, however, recommend this school to others. We are really happy with it.”

“We haven't reached 6 form just yet , but I'm sure we will put 5 star's when we do ! Buckwood is 5 star's“

“My daughter started last September and has achieved so much in such a short time. She has developed a real love of languages- especially Mandarin and is thriving. Buckswood was the right choice for my daughter and I am so glad she is part of the Buckswood family We, as a family, love Buckswood and my husband and I only wish we had been able to go to school there. It is also the first time in my son's life that he has enjoyed going to school.”

“My youngest son is at Buckswood and his 2 older brothers also attended, they have now completed their education. My eldest son and I had a conversation the other day about his friends, who went to state school, and how they are less excepting of people who may be different from themselves and how he feels comfortable with people from other countries, religions or who may just be different. In today's society I

think it is really important for children to mix with a wide range of people and understand and except that everybody is different and except them for who they are. My sons are polite and well-mannered and while I like to take some credit for that Buckswood also played a big part in making sure they were well mannered and respectful to both teachers and fellow students alike. Thank you Buckswood for helping me raise 3 fine young men, whom I have no doubt will be successful and happy."

"Buckswood allows our son to be himself, celebrating his talents and teaching him to accept those of others. We are not all the same so why try to be

We feel Buckswood has lost its way a little over recent years, with some issues not being dealt with appropriately. We're hoping with the different management structure this will improve"

"My child looks forward to coming to school every single day and is extremely happy there. They thoroughly enjoy the learning experience opportunities throughout the school.

Buckswood is a very supportive school where my child feels safe and happy. I like that it fosters individuality and offers many experiences and opportunities to find every child's talent.

My child was given the opportunity to join Buckswood he wouldn't be the polite, confident young man he now is without the input that has been provided.

Over the last 11 years I/we have loved everything apart from the administration side that has been sometimes a little tiresome. But 10 Stars overall "

"We are so happy we dropped out of mainstream school and came to Buckswood it is by far the best school for our child."

"There is nothing we dislike about the school. We are very happy with our choice of schooling for our children. "
