

POLICY STATEMENT

Policy	Emergency and Continuity plan
OFSTED Standard No	
School Department	Leadership

Date Written	16 April 2017
Written by	G Sutton
Approved by	Laurence Walker
Date of Approval	16 April 2017
Next major review date	14 th August 2019
Location and disseminations	A copy of the policy can be found, in the school admin office and on the school website.
The context of the policy and its relationship to other policies	This policy should be considered in conjunction with other written policies on behaviour, health and safety, medicines, school visits, child protection and safeguarding.

Statement of Intent

This document sets out the framework for Buckswood emergency response and continuity management arrangements. A business impact assessment has been undertaken to identify our critical activities and the measures put in place to mitigate the effects of disruptions.

This plan will be activated in the event of an incident or an emergency, which impacts upon the delivery of our critical activities and where normal responses and procedures are deemed insufficient to deal with the effects. The Emergency and Continuity Team would first follow appropriate checklists to manage the emergency situation and then refer to the continuity impact assessments to ensure all actions are followed.

If there were a situation regarding fire – the facility is well divided up on the site to ensure minimum disruption to working life. The max. sleeping accommodation in one block would be roughly 40.

The procedures and critical activities have been discussed and agreed by the school's Senior Management Team. A logbook must be kept with this plan at all times.

This plan should be read in conjunction with the following policies:

- Fire Risk and Emergency Evacuation Plan
- First Aid Policy

Emergency and Continuity Management Team

Emergency and Continuity Management team members are listed below and the plan is distributed to each individual who are required to safely and confidentially store a copy of this plan at their regular place of work and off-site.

Name	Role
Mr Sutton	School Director
Mr Samson	Co-Principal
Mr Shaw	Co-Principal
Mrs Johnson	Deputy Principal/ Teacher Liaison

The School Emergency Grab Bag - all IT information is stored off site.

Possible Risks & Threats

Possible threats and risks, which may impact on the operation of the school, are listed below however this list can neither be inclusive or exhaustive. Obviously, it is subject to ever changing circumstances. These include:

- Theft or vandalism in the school
- Total or partial closure of school following flooding or fire damage or other incident
- The death of students or members of staff through natural causes such as illness, an accident, or by a deliberate act of violence
- A fire or explosion in the school
- Deaths or injuries on school outings
- Incidents involving children and staff from many schools
- Civil disturbances including terrorism
- Outbreak of a communicable illness or disease

If a period of disruption and or relocation / closure were to be experienced the school would need to ascertain whether the impact would be for a day or longer. In doing so the following issues would need to be considered and these are addressed in the emergency immediate action checklists and in the continuity impact assessments:

- Health & Safety risks to students, visitors and staff
- Quality of provision – impact on the delivery of the curriculum
- Legal implications – is a breach of statutory requirements likely?
- School reputation with parents and the community / publicity
- Finance – will the event impact on the budget?

Categorisation of Risks

There are three levels of risk, which will guide action taken. They are:

- High (a likely event) Red
- Medium (possible event) Amber
- Low (an unlikely event) Green

The following table is an illustrative guide to assess risk. This is a matter of individual judgment, but taken into account will be the impact on e.g. health and safety, quality of provision, legal responsibilities, finance and the school's reputation.

Impact	Health & Safety	Quality of Provision	Legal	Finance	Reputation
HIGH	Very likely to increase risk to students and visitors	Serious impact on delivery of curriculum	Breach of statutory requirements	Significant financial implications	Loss of confidence by parents and community
MEDIUM	Possible increased risk to students and visitors	Moderate impact on delivery of curriculum	Possible breach of statutory requirements	Moderate financial implications	Minor loss of confidence, no long-term damage
LOW	No increased risk	No impact on delivery of curriculum	No breach of statutory requirements	Manageable or no financial implications	Little or no impact on confidence

Immediate Action Emergency Checklists

Actions contained in these checklists are not prescriptive, nor exhaustive, but serve as guidance for the response to an incident. At times several checklists may need to be followed.

Checklists are provided for the following situations:

1. Critical Incident

2. Safety of staff, students, parents, or members of the public affected
3. Incident in school time
4. Incident outside school time
5. Incident off-site (school trips)
6. Casualties
7. Information strategy
8. Communication arrangements
9. Incoming calls
10. Information for staff
11. Information for students
12. Informing next of kin
13. Reuniting families

On deciding which checklists are required the following actions should be taken:

1. Director must allocate tasks to other members of staff for completion
2. Record all key decisions and actions on an incident log
3. At least one member of staff should be nominated to check actions are completed and maintain an overview of the situation. Not all tasks will be required in all situations

Appendix 2: Responding to the News Media

With the advent of modern news delivery, today's media operate very quickly. They are quite likely to contact you before the Critical Incident Plan is implemented. The following is a summary of key points to help school staff handle enquiries that may arise soon after an incident has occurred.

Whatever the incident, and particularly if it involves injury or death on a school trip, the likelihood is that information will be sketchy at best and possibly inaccurate.

All members of the Emergency and Continuity Management Team must be familiar with this checklist.

1. Liaise with the Council's Communications Team at the earliest opportunity
 - The Communications Team may be able to issue an initial statement
2. Be clear about which staff/ SMT are designated to talk to the press and who are not
 - Be prepared to accept that a designated person may not be the most appropriate person to handle the situation in some circumstances
3. Buy time to enable you to obtain the facts
 - News agencies will demand immediate information
 - Confirm their deadlines and if possible postpone the interview until later
 - If you offer to call back make sure you do
4. Establish who you are talking to and their organization
 - Keep short notes of the name of the journalist, programme or newspaper, the time, and your response

5. Have a colleague with you to take notes of what is said
6. Give a prepared statement;
 - A prepared statement can provide necessary facts
 - Use the statement to express sympathy/concern and possibly a message for the community
7. Anticipate possible questions and prepare responses
 - Can you name the fatalities?
 - Can you name the teacher involved?
 - Have you done a name check of survivors?
 - Have you informed the parents?
8. Prepare key messages and stick to them
 - Refer to people first. e.g.: "all pupils have been evacuated to a safe area."
 - Refer to damage to the school/property second. e.g.: "the coach was travelling south before leaving the road and ending up in the farmer's field."
9. Ask the interviewer what will be the first question to help prepare your response
10. Stay calm and look the interviewer in the eye
11. Stick to the key points - don't waffle
12. Stick to the facts and don't speculate about the cause of the incident

"One witness said the coach driver had been drinking." might elicit the following reply:

"Our concern at this stage is for the safety of the pupils and other people involved. We know that the coach suffered damage and that other vehicles were involved. I don't have any information on what may have caused the accident and I would not wish to speculate."

13. Do not apportion blame or admit liability to anyone, even in conversation
 - Don't speak off the record
14. Praise the actions of police, fire service and others who have assisted
 - Do not feel you must respond directly to leading questions

15. Be sensitive about personal information
16. Immediately correct any misleading comments

Appendix 3: Bomb Threat Checklist

1. Switch on tape recorder if available
2. Record the exact wording of the threat. Ask these questions:
 - a. Where is the bomb?
 - b. When is it going to explode?
 - c. What does it look like?
 - d. What kind of bomb is it?
 - e. What will cause it to explode?
 - f. Did you place the bomb?
 - g. Why?
 - h. What is your name?
 - i. What is your address?
 - j. What is your telephone number?
 - k. Which organization do you represent?
 - Record the time call completed.
 - Where automatic number reveal equipment is available record number given.
 - Use the '1471' facility if available.
3. Inform the Director or another member of the Emergency and Continuity Management Team
4. Name and telephone number or extension of person informed
5. Time and method of informing police
(This part should be completed once the caller has hung up and the police and Director, Co Principals or Facilities Manager have been informed.)
6. Time and date of the call
7. Length of call
8. About the caller
 - a. Gender: male/female?
 - b. Nationality/accent?
 - c. Age?
 - d. Threat language: well spoken, irrational, taped, incoherent, foul
 - e. Message read by threat maker?

- f. Callers voice: calm, crying, clearing throat, angry, nasal, slurred, excited, stutter, disguised, slow, lisp, accent, rapid, deep, familiar, laughter, hoarse. If the voice sounded familiar, whom did it sound like?
9. Background sounds: street noises, house noises, animal noises, crockery, motor, clear, voices, static, PA system, booth, music, children, factory noises, office machinery.

Bomb Threats

Suspicious signs on suspect packages/objects could be the following, which also apply to packages arriving by mail

- Grease on the outside cover/wrapping, odd smell (marzipan or almond perhaps)
- Wires or insulating tape sticking out
- Irregular shape, lop sided or heavy for its size
- Obviously disguised writing on the label
- Incorrect address, words misspelled
- Pinhole anywhere on its cover
- Incorrect postage, too much or too little
- Object close/abutting a building structure e.g. tight up against a door or wall

Action on finding a suspicious letter or package

1. Do not touch the item.
2. If the suspect package has been handled, place it on nearest flat surface.
3. Go and get help -- call the switchboard
4. Leave the room/area, closing the door behind you.
5. Prevent unnecessary people from re-entering the room.

Appendix 4: Lockdown Procedures

In the event that an incident occurs within the school site or in the vicinity of the school that could place the students and staff at risk of serious injury or fatality the school may impose a lockdown. This situation could be imposed by the Police or other Authority or may be instigated by the Director/Proprietor.

Should such a situation occur the following procedures will apply:

1. On instruction from the Director/Proprietor or member of SMT, a member of the Facilities team will activate the lock down signal which will be the siren sounding continuously for 5 minutes
2. Staff should turn on their mobiles and open Outlook to allow any information to be filtered through from the Director/Proprietor
3. If Lockdown has occurred without instruction from the Police or other Authority the Director/Proprietor, (or if the Director/Proprietor is not in school at the time of the incident, one of the Critical Incident Team), will call the emergency services
4. Once the siren sounds all staff must retain their pupils in their classrooms. Administrative staff will remain in their offices. Close any windows, pull down the blinds and switch off any lights.
5. All staff with walkie-talkies should switch them on, but communication should only be from Director or Co Principals or SMT member in their absence)
6. All external gates will be locked by the SMT.
7. All staff and pupils must stay as far as possible away from the windows and doors.
8. If you are outside of a classroom at the time of the incident , eg: in a PE lesson you must find the nearest possible room, (including the Sports Hall, School House and Gym), that can be secured.
9. Staff On Call, SMT and the Facilities team must clear the site, (if it is safe for them to do so), and get all pupils and staff into a closed classroom or to another safe area (ie Great Hall) and then find themselves a safe area and remain there until further instruction
10. Staff should keep all pupils in their classroom until they are given the all clear

11. Staff should try to maintain a calm atmosphere in the classroom and keep alert to the emotional needs of the pupils. Try and keep pupils engaged in a quiet activity. **DO NOT ALLOW ANY PUPIL OUT OF THE CLASSROOM FOR ANY REASON**
12. Staff should remain with their pupils at all times
13. The siren will resume once the 'all clear' has been given to indicate everyone can now leave the classrooms.
14. Parents will not be allowed to pick up their children during a lockdown procedure until the all clear has been given by the Co Principals

Note: this procedure is to be used **ONLY** in the most difficult of situations – and if it should arise the key is to stay calm and collected and do all that can be done to re-assure children.
