Buckswood combines the best of British 'old traditions' such as good manners with a modern education. Often described as being like 'Hogwarts', the campus and staff make Buckswood a truly magical place to have an educational adventure. Classroom studies are enriched with visits to our woodland activity centre, horse riding stables on our 40 acre campus set in the beautiful English countryside but only an hour and a half to London and Brighton.

We also offer an academy sport programme in Football, Golf & Rugby. So you can tune up your skills with our professional coaches whilst combining this with your studies. There is the possibility of taking part in different sporting activities: netball, hockey, horse riding, dance, boxing, archery... or extra curriculum activities: music, languages, clubs, societies...even learning how to fly!... all whilst getting a taste of Britain in an international environment.
