## Subject options 2021-22

### What's new:

- Chinese is back – as a third language in Forms 1 and 2 and as an option in Form 3 timetabled against a second double games lesson, so students in Form 3 have the choice of either 2 lessons of games and 2 lessons of Chinese or 4 lessons of games.
- ICT lessons will become 'Coding' where students will learn the skills associated with coding and programming which is more relevant to the world of work when they become adults.
- There is a new subject called 'British Culture' that will be added for Forms 2 and 3. This is one lesson per week during which students will learn about the culture and traditions of Britain – it will incorporate things like famous authors, playwrights, musicians, royalty, slang, fashion, manners, multiculturalism. We are sure this is unique amongst schools at present and will sit well with the focus on fundamental British values being taught across the school.
