

Mental Health Awareness Week

Mental health problems can affect anyone, at any time.

We believe that mental health is everyone's business.

So, for one week each May, the Mental Health Foundation campaign around a specific theme for Mental Health Awareness Week.

The campaign reaches millions of people every year. This year, with your support, we want to reach more people than ever through our students and staff at Buckswood School. This year's theme is **kindness**.

Why Kindness?

One thing that we have seen all over the world is that kindness is prevailing in uncertain times.

We have learnt that amid the fear, there is also community, support and hope. The added benefit of helping others is that it is good for our own mental health and wellbeing. It can help reduce stress and improve emotional wellbeing.

Please watch this short video about the campaign and what kindness means

So How can you take part?

Here are some acts of kindness to inspire you.....

Before you start, please remember the tips below:

Keep others in mind

Although carrying out good deeds for other people can make you feel good, don't forget to keep in mind why you're doing it – for their benefit not yours.

Don't overdo it

If you find that you are giving too much of yourself or have gone beyond your personal resources, think about taking a step back. We recommend starting small so that you don't become overwhelmed or give more than you are emotionally or in other ways able to give.
