Appendix E Buckswood School Welfare Concern Form

Child Protection and Safeguarding Policy

1 INTRODUCTION

- 1.1. Safeguarding children is everyone's responsibility. Everyone who has contact with children and families has a role to play.
- 1.2. At Buckswood our pupils' welfare is our paramount concern. The Proprietor will ensure that Buckswood School will safeguard and promote the welfare of pupils and work together with other agencies and an external reviewer of Safeguarding and Child Protection to ensure that our school has adequate arrangements to identify, assess and support those children who are suffering or likely to suffer harm.

The welfare for children is defined as :

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable children to have the best outcome.

- 1.3. Buckswood is a community and all those directly connected, staff members, parents, families and pupils, have an essential role to play in making it safe and secure.
- 1.4. The use of technology has become a significant component of many safeguarding issues. Our school has a separate Online Safety Policy which covers this area of work. This policy includes details of how internet use at school is filtered and monitored and how we teach children to stay safe online whether they are at school or at home.
- 1.5. Parents are welcome to approach the DSL or any Additional DSL if they have concerns of a Safeguarding or Child Protection nature. Our pupils' welfare is our paramount concern. The Advisory Governing Body will ensure that our school will safeguard and promote the welfare of pupils and work together with other agencies to ensure that our school has robust arrangements to identify, assess and support those children who are suffering or likely to suffer harm.
- 1.6. Any member of staff is able to report to SPOA (East Sussex County Council Single Point of Advice) if they feel unable to talk to anyone at school. Our school is a community and all those directly connected, staff members, advisory governors, parents, families and pupils, have an essential role to play in making it safe and secure.
- 1.6. Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, but especially the DSL will consider the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.
- 1.7. Within this document the term 'staff' should be broadly read as any adult working within the school, whether directly employed, providing a contracted service, a one-off service such as a supply teacher or volunteer.

2 OUR ETHOS

- 2.1 We believe that Buckswood School should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child. Every child has the right to feel safe and protected, but we know that this is not always the case. Many children suffer harm either through deliberate abuse or because those taking care of them fail to protect them or provide them with the care that is needed. At Buckswood we recognise our duty to respond to safeguarding children and we take it very seriously by ensuring everyone understands that they have a shared responsibility to protect our students. This is reinforced through appropriate training that is ongoing, bulletins, information to staff from the DSL and the safeguarding team. Safeguarding is a top priority for the school.
- Buckswood School is a multi -national community with students from all parts of the world. Buckswood respects diversity and equality and aims to ensure that all the students show the values that are important to live in peace and harmony with each other. Our School moto is Ad Vitam Paramus - We Prepare For Life. With this in mind our aim is to support the students being the best they can be and in doing so promote respect, tolerance and understanding of the world that they live in.
- 2.2 We recognise the importance of providing an environment within Buckswood that will help children feel safe and respected. We recognise the importance of enabling children to talk openly and to feel confident that they will be listened to.
- 2.3 We believe that our school should provide a caring, positive, safe and stimulating environment that promotes the social, physical, emotional and moral development of the individual child.
- 2.4 We recognise that all adults within Buckswood, including permanent and temporary staff, volunteers, and advisory governors have a full and active part to play in protecting our pupils from harm.
- 2.4 We will work with parents to build an understanding of Buckswood's responsibilities to ensure the welfare of all children, including the need for referrals to other agencies in some situations.

3 SCOPE

- 3.1 In line with the law, this policy defines a child as anyone under the age of 18 years.
- 3.2 This policy applies to all members of staff in Buckswood, including all permanent, temporary and support staff, volunteers, contractors and external service or activity providers.
- 3.3 If pupils are 18 years or above as learners, we refer to the Sussex Safeguarding Adults Policy and Procedures available at:
<https://new.eastsussex.gov.uk/socialcare/worried/safeguarding/what/>

At Buckswood we follow the key principles informing the policy: **Empowerment**- allowing clear systems for adult views to be heard, **Prevention**- Raising public awareness of safeguarding, **Proportionality**- The adult is at the centre of all responses to the safeguarding concern and any action taken is based on their best interests .**Protection**-Having effective processes to be able to identify and respond to concerns. **Partnership**- Information is shared between appropriate organisations in a

way that reflects the personal and sensitive nature of some concerns.

Accountability-The roles and responsibilities of the organisation are clear, so that staff can understand what is expected of them.

4 THE LEGAL FRAMEWORK

- 4.1 Section 175 of the Education Act 2002 places a duty on governing bodies of maintained schools and further education institutions (including sixth-form colleges) to make arrangements for ensuring that their functions relating to the conduct of the School are exercised with a view to safeguarding and promoting the welfare of children who are pupils at the school. Section 157 of the same Act places a similar duty on non-maintained and independent schools including free schools and academies.
- 4.2 Under section 10 of the Children Act 2004, we recognise that all independent schools are required to cooperate with the local authority to improve the well-being of children in the local authority area.
- 4.3 Under section 14B of the Children Act 2004, the East Sussex Safeguarding Childrens Partnership can require a school or college to supply information in order to perform its functions. This must be complied with.
- 4.4 This policy and the accompanying procedure has been developed in accordance with the following statutory guidance and local safeguarding procedures:
 - *Working Together to Safeguard Children: A Guide to Inter-Agency Working to Safeguard and Promote the Welfare of Children, July 2018.*
 - *Keeping Children Safe in Education: Statutory Guidance for Educational establishments and Colleges, September 2020.*
 - *Pan-Sussex Child Protection and Safeguarding Procedures Information sharing: advice for practitioners providing safeguarding services to children, young people, parents and carers, July 2018*

5 ROLES AND RESPONSIBILITIES

- 5.1 The School's lead person with overall responsibility for child protection and safeguarding is the **Designated Safeguarding Lead, Mr. Richard Maclean known as DSL**. We have five Additional DSL's to ensure there is appropriate cover for this role at all times. The DSL's responsibilities are described in Appendix A. In addition, the Proprietor has also had Governor training for Safeguarding and Child Protection.
- 5.2 The DSL is on our School's leadership team and their role of DSL is explicit in their job description. The DSL should have the appropriate authority and be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so – and to contribute to the assessment of children. The DSL's lead responsibility will not be delegated.
- 5.3 The Designated Teacher who is responsible for looked after children is Mr Richard Maclean. He is responsible for promoting the educational achievement of that child and who would work with the Virtual Educational Establishment Head to discuss how available funding could be best used to support progress and meet the needs identified in the child's personal education plan.

- 5.4 The school has a nominated Advisory Governor responsible for safeguarding. They will champion good practice, provide critical challenge, liaise with the Proprietor and provide information and report to the Advisory Governing Board.
- 5.5 The case manager for dealing with allegations of abuse against Buckswood staff members is the Co-Principal, who may refer the safeguarding issue to the DSL (Designated Safeguarding Lead). In cases where the child's needs meet the threshold for being classed as level 4 in accordance with the safeguarding continuum of need, the Co-Principals or DSL as agreed will contact SPOA for further advice and the LADO will be informed.

The case manager for dealing with allegations against the DSL is the Co-Principal who may take advice from the Advisory Governing Board. The allegation will be referred to the LADO (Local Authority Designated Officer).

The case manager for dealing with allegations against a Co-Principal is the Safeguarding Advisory Governor. This will be referred to the LADO (Local Authority Designated Officer).

The case manager for dealing with allegations against the Proprietor is the Safeguarding Advisory Governor who may work with the DSL (Designated Safeguarding Lead). This will be referred to the LADO (Local Authority Designated Officer).

The procedure for managing allegations is detailed in Appendix B.

- 5.6 The DSL will ensure that the policies and procedures adopted by the school are fully implemented and sufficient resources and time are allocated to enable staff members to discharge their safeguarding responsibilities. This action will be overseen by the Proprietor and the Advisory Governor in charge of Safeguarding or the Nominated External Advisor.
The DSL will produce a termly report on the effectiveness of Safeguarding and this will highlight any patterns or trends and monitor efficiency of practice.
- 5.7 The Proprietor and the Advisory Governor in charge of safeguarding are responsible for ensuring that safeguarding arrangements are fully embedded within the school's ethos and is reflected in the day-to-day practice. The Nominated External Advisor for Safeguarding and Child Protection will be used for oversight.
- 5.8 All staff members, volunteers and external providers, via the training given, know how to recognise signs and symptoms of abuse, how to respond to pupils who disclose abuse and what to do if they are concerned about a child.

6 SUPPORTING CHILDREN

- 6.1 We recognise that children who are abused or witness violence are likely to have low self-esteem and may find it difficult to develop a sense of self-worth and fully trust adults. They may feel helpless, humiliated and some sense of blame. Our school may be the only stable, secure and predictable element in their lives. With this in mind Buckswood will aim to support all its students by :
- ensuring a comprehensive curriculum response to online safety, enabling children and parents to learn about the risks of new technologies and social media and to use these responsibly at **school and at home;**

- ensuring the content of the curriculum includes social and emotional aspects of learning;
- filtering and monitoring internet use, to safeguard from potentially harmful and inappropriate online material,
- ensuring that safeguarding is included in the curriculum to help children stay safe, recognise when they do not feel safe and identify who they might or can talk to;
- providing pupils with a number of appropriate adults to approach if they are in difficulties;
- supporting the child's development in ways that will foster security, confidence and independence;
- encouraging development of self-esteem and self-assertiveness while not condoning aggression or bullying;
- liaising and working together with other support services and those agencies involved in safeguarding children;
- monitoring children who have been identified as having welfare or safeguarding concerns and providing appropriate support.
- ensuring that all staff are aware of the early help process, and understand their role in it, including acting as the lead professional where appropriate.
- ensuring that all staff understand the additional safeguarding vulnerabilities for certain groups of children or characteristics, and how to address them.
- .

6.2 We accept that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn. These students may have additional vulnerabilities and characteristics, which may include :

- Care leavers
- Looked after children
- Previously looked after children
- Children with special educational needs or disabilities
- Young carers
- Children showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- Children frequently go missing from care or from home
- Children misusing drugs or alcohol themselves;
- Children at risk of modern slavery, trafficking or exploitation;
- Children in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- Children who have returned home to their family from care;
- Children showing early signs of abuse and/or neglect;
- Children at risk of being radicalised or exploited;
- Privately fostered children.

6.3 Children with special educational needs and disabilities (SEND) can face additional safeguarding challenges and additional barriers can exist when recognising abuse and neglect in this group of children. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;

- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

To address these additional challenges our school will ensure that these children receive additional monitoring and pastoral support through the Welfare and Behaviour Committees, regular meetings with Heads of Departments and Head of Year, discussions at Senior Management Meetings and teachers meetings.

- The school will monitor attendance patterns and reviewing and responding to them as part of welfare and protection procedures
- Staff are aware that pupils with SEND or with very limited English language may be particularly vulnerable to safeguarding and child protection issues and any concerns are highlighted at the weekly welfare meetings chaired by the DSL.

- 6.4 Children who have a social worker due to safeguarding or welfare needs may be vulnerable to further harm due to experiences of adversity and trauma, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and positive mental health. Our school will identify the additional needs of these children and provide extra monitoring and pastoral support to mitigate these additional barriers.
- 6.5 Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Where it is known that children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can impact on their mental health, behaviour and education. Our school will identify the additional needs of these children and provide extra monitoring and pastoral support to mitigate these additional barriers. Where necessary, referral will be made to mental health professionals for further support.
- 6.6 Our school is part of Sussex Police Operation Encompass (see Appendix C for further details) and we will support individual children as necessary when we receive a notification of an incident of domestic violence or abuse.
- 6.7 Our school take a trauma informed approach to supporting children, considering their lived experience, and factoring this into how we can best support them with their welfare and engage them with their learning.

7 CHILD PROTECTION AND SAFEGUARDING PROCEDURE

- 7.1 We have developed a structured procedure in line with *Pan-Sussex Child Protection and Safeguarding Procedures and Keeping Children Safe in Education 2019* which will be followed by all members of the School community in cases where there is a welfare or safeguarding concern. This is detailed in Appendix B.
- 7.2 In line with the procedures, the Children's Social Care Single Point of Advice (SPoA) will be notified as soon as there is a significant concern or where a level 3 referral is required
- 7.3 The name of the DSL, Mr Richard Maclean and the other fully trained DSL's within the school are clearly advertised in the school, via a set of posters, which are on display within all communal areas within the school, including boarding houses. The posters are in several different languages and include the opening hours for

the medical centre (BHS), the name and number of our independent listener, the number for Childline.

- 7.4 We will ensure all parents and carers are aware of the responsibilities of staff members to safeguard and promote the welfare of children and act in the best interests of children by publishing the policy and procedures on our website and by referring to them in our introductory materials.

8. THE MANAGEMENT OF SAFEGUARDING

- 8.1 We have structures and systems in place, such as scheduled meetings and shared databases, to ensure that the DSL has oversight of areas of school organisation which may not fall within their remit, but may impact upon effective safeguarding such as behaviour, attendance, medical needs/first aid, SEND and bullying. Information from all of these areas will be factored into safeguarding decision making for individual children.
- 8.2 We will ensure that the DSL is kept informed of any incident of physical intervention with a child and will be aware of behaviour plans for specific children. (See Behaviour Policy for further information).
- 8.3 We will ensure that the DSL is kept informed of attendance patterns, and where there are concerns for individual children the response to this will be considered within the context of safeguarding. (See Attendance Policy for more information).
- 8.4 We will ensure that the DSL is kept informed of arrangements for first aid and children with medical conditions and is alerted where a concern arises, such as an error with the administering of medicines or intervention, or repeated medical appointments being missed, or guidance or treatments not being followed by the parents or the child. (See Appendix C for further information).
- 8.5 Systems are in place to ensure that hate incidents, e.g. racist, homophobic, transphobic gender or disability-based bullying, are reported, recorded and considered under safeguarding arrangements by the DSL. (See Anti-bullying Policy).
- 8.6 The DSL links with curriculum leads, such as PSHE and ICT, to ensure that the curriculum supports the wellbeing and resilience of pupils and teaches them about risk assessment and safeguarding issues, such as healthy relationships and online safety. (See PSHE/SRE/Online Safety Policies for further information).

9 REPORTING CONCERNS AND RECORD KEEPING

- 9.1 All safeguarding and welfare concerns, discussions and decisions made will be recorded in writing and kept in line with the East Sussex Safeguarding Children Partnership guidance Keeping Records of Child Protection and Welfare Concerns: Guidance for Early Years Settings, Schools and Colleges.
- 9.2 Hate incidents, e.g. racist, homophobic, gender or disability-based bullying, are reported, recorded and considered under safeguarding arrangements.
- 9.3 Attendance patterns are reviewed and responded to under safeguarding arrangements.
- 9.4 We will continue to support any pupil leaving the School about whom there have been concerns by ensuring that all appropriate information, including child

protection and welfare concerns, is forwarded under confidential cover to the pupil's new school as a matter of priority usually within 5 working days.

- 8.5 When a pupil is due to transfer to another school the DSL will consider if it would be appropriate to share any information with the new school or college in advance of the pupil leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
- 9.6 When a new pupil joins our school, and there is a record of safeguarding or welfare concerns, we will ensure that this information is shared appropriately with the DSL, the Special Education Needs Coordinator (SENCO) and the Designated Teacher for LAC, as necessary.

10 SAFER WORKFORCE AND MANAGING ALLEGATIONS AGAINST STAFF AND VOLUNTEERS

- 10.1 Our School has robust safer recruitment procedures to help prevent unsuitable people from working with children. **(See Recruitment Policy for further details)**
- 10.2 We will prevent people who pose risks to children from working in our School by ensuring that all individuals working in any capacity at Buckswood have been subjected to safeguarding checks in line with the statutory guidance *Keeping Children Safe in Education: Statutory Guidance for Educational establishments and Colleges*, September 2020.
- 10.3 We will ensure that agencies and third parties supplying staff provide us with **written reassurance** that they have made the appropriate level of safeguarding checks on individuals working in our School. We will also ensure that any agency worker presenting for work is the same person on whom the checks have been made.
- 10.4 We will ensure that alternative provision providers provide **written reassurance** that they have made the appropriate level of safeguarding checks on individuals working for their organisation.
- 10.5 Every job description and person specification will have a clear statement about the safeguarding responsibilities of the post holder.
- 10.6 We will ensure that at least one member of every interview panel has completed safer recruitment training.
- 10.7 The Co-Principal and nominated Advisory Governor for Child Protection
- 10.8 We have a procedure in place to handle allegations against members of staff and volunteers in line with *Keeping Children Safe in Education: Statutory Guidance for Educational establishments and Colleges*, September 2020. This procedure is detailed in Appendix B.

11 STAFF INDUCTION, TRAINING AND DEVELOPMENT

- 11.1 All new members of staff, including newly-qualified teachers and teaching assistants, will be given an induction which includes the following:
 - Issue and explain the safeguarding and child protection policy

- Issue and explain the behaviour policy
- Issue and explain the staff behaviour policy/code of conduct
- Issue and explain the policy/guidance which includes the safeguarding response to children who go missing from education
- Explain the role of the DSL and share the identities of the DSL and all Additional DSLs
- Issue Part One and Annex A of Keeping Children Safe in Education September 2020
- Child protection and safeguarding training (including online safety)
- All new members of staff are expected to read the above mentioned documents and to sign an acknowledgement of this.

11.2 The induction and ongoing training of staff will include the following key aspects:

- Staff understand the difference between a safeguarding concern and a child in immediate danger or at risk of significant harm.
- Staff are advised to maintain an attitude of ‘it could happen here’ where safeguarding is concerned.
- When concerned about the welfare of a child, staff should always act in the best interests of the child.
- Staff understand that children’s poor behaviour may be a sign that they are suffering harm or that they have been traumatised by abuse.
- Staff understand that children who have a social worker may be educationally disadvantaged and face barriers to attendance, learning, behaviour and positive mental health.
- Staff understand that mental health issues for children may be an indicator of harm or abuse, or where it is known that a child has suffered harm or abuse this may impact on their mental health, behaviour and education.
- Staff understand that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments. All staff, but especially the DSL (and deputies), should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.
- Staff know how best to respond to a child who makes a disclosure of abuse or harm
- If staff are unsure, they should always speak to the DSL or Additional DSL.
- If staff have any concerns about a child’s welfare, they should act on them immediately.
- Staff should not assume a colleague or another professional will take action.
- The DSL or a deputy should always be available to discuss safeguarding concerns. If in exceptional circumstances, the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from SPoA. In these circumstances, any action taken should be shared with the DSL (or deputy) as soon as is practically possible.

11.3 The DSL will undergo updated safeguarding and child protection training every two years. In addition to this their knowledge and skills will be updated regularly, and at least annually to keep up with developments relevant to the role.

- 11.4 All staff members of Buckswood School will receive appropriate safeguarding and child protection training (whole-educational establishment training) which is regularly updated. The DSL will provide briefings to the School on any changes to child protection legislation and procedures and relevant learning from local and national serious case reviews as required, but at least annually. The Proprietor must undergo specific online awareness training at least every two years. The Nominated External Advisor will undergo at least DSL and online training every two years.
- 11.5 Staff members who miss whole-school training will be required to undertake other relevant training to make up for it, e.g. by joining another School's whole-school training or by completing the Educare module and further training with the DSL. Some staff may need additional support with completing these courses. This may require 1:1 support and the DSL will arrange this if necessary.
- 11.6 The Proprietor and Safeguarding Governor will attend training prior to or soon after appointment to the role; this training will be updated every three years.
- 11.7 We will ensure that staff members provided by other agencies and third parties, e.g. supply teachers and contractors, have received appropriate child protection training commensurate with their roles before starting work. They will be given the opportunity to take part in whole-school training if it takes place during their period of work for the School.
- 11.8 On the first occasion which staff members provided by other agencies and third parties, e.g. supply teachers and contractors come to our school to work; they will be provided with details of the safeguarding arrangements at our school, which will include identifying the DSL and the process for reporting welfare concerns. After signing in at reception and receiving a visitors badge, visitors are given a brochure titled "Visitor Information and Safeguarding Procedures at Buckswood School" This includes a map of the school, expected standards of behaviour and details and information about the safeguarding team.
- 11.9 The School will maintain accurate records of staff induction and training.

12 CONFIDENTIALITY, CONSENT AND INFORMATION SHARING

- 12.1 We recognise that all matters relating to child protection are confidential.
- 12.2 The Co-Principals or the DSL will disclose any information about a pupil to other members of staff on a need-to-know basis, and in the best interests of the child.
- 12.3 All staff members must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.
- 12.4 All staff members have a professional responsibility to share information with other agencies in order to safeguard children.
- 12.5 All our staff members who come into contact with children will be given appropriate training to understand the purpose of information sharing in order to safeguard and promote children's welfare.
- 12.6 We will ensure that staff members are confident about what they can and should do under the law, including how to obtain consent to share information and when

information can be shared without consent. This is covered in greater detail in Appendix B.

13 INTER-AGENCY WORKING

- 13.1 We will develop and promote effective working relationships with other agencies, including agencies providing early help services to children, the Police and Children's Social Care.
- 13.2 We will ensure that relevant staff members participate in multi-agency meetings and forums, including child protection conferences and core groups, to consider individual children.
- 13.3 We will participate in **safeguarding practice reviews** (previously known as serious case reviews), other reviews and file audits as and when required to do so by the East Sussex Local Safeguarding Children Partnership (ESSCP). We will ensure that we have a clear process for gathering the evidence required for reviews and audits, embedding recommendations into practice and completing required actions within agreed timescales.

14 CONTRACTORS, SERVICE AND ACTIVITY PROVIDERS AND WORK PLACEMENT PROVIDERS

- 14.1 We will ensure that contractors and providers are aware of our School's safeguarding and child protection policy and procedures. We will require that employees and volunteers provided by these organisations use our procedure to report concerns.
- 14.2 We will seek assurance that employees and volunteers provided by these organisations and working with our children have been subjected to the appropriate level of safeguarding check in line with *Keeping Children Safe in Education: Statutory Guidance for Educational establishments and Colleges, September 2020*. If assurance is not obtained, permission to work with our children or use our School's premises may be refused.
- 14.3 When we commission services from other organisations, we will ensure that compliance with our policy and procedures is a contractual requirement.
- 14.4 When the school place a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil. The school will obtain written confirmation from the alternative provider that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff.

15 WHISTLE-BLOWING AND COMPLAINTS

- 15.1 We recognise that children cannot be expected to raise concerns in an environment where staff members fail to do so.
- 15.2 We will ensure that all staff members are aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If necessary, they will speak with the DSL or directly with the Local Authority Designated Officer via SPOA.
 - . Should staff not feel able to raise concerns they can call the NSPCC what you can do to report abuse dedicated helpline on 0800 028 0285.
- 15.3 We have a clear reporting procedure for children, parents and other people to report concerns or complaints, including abusive or poor practice.

- 15.4 We will actively seek the views of children, parents and carers and staff members on our safeguarding arrangements through surveys, questionnaires and other means.

16 SITE SECURITY

- 16.1 The school is surrounded by a continuous perimeter fence/wall to reduce the risk of unauthorised access/egress.
- 16.2 All staff members have a responsibility to ensure our buildings and grounds are secure and for reporting concerns that may come to light.
- 16.2 We check the identity of all visitors and volunteers coming into Buckswood School. Visitors are expected to sign in and out in the office visitors' log and to display a visitor's badge while on the school site. Any individual who is not known or identifiable will be challenged for clarification and reassurance. Staff at the school wear a lanyard which shows their individual role and responsibility within the school. Students are also expected to wear a lanyard, which proves their identity. Photos of the individual are on the lanyard to ensure that they cannot be swapped. The school has a code system for entrance to the grounds, it is clearly signposted at the entrance that a visitor needs to go to Reception and sign in and receive a visitors badge. The person that the visitor is seeing is contacted and that person will collect them from Reception and the visitor will be escorted by a member of staff for the duration of their visit. At the end of the visit the visitor will be escorted back to reception in order to sign out and leave the campus.

- 16.3 The School will not accept the behaviour of any individual, parent or anyone else, that threatens school security or leads others, child or adult, to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse the person access to Buckswood's site.

17 QUALITY ASSURANCE

- 17.1 We will ensure that systems are in place to monitor the implementation of and compliance with this policy and accompanying procedures. This will include periodic audits of child protection files and records by the DSL and the Nominated Advisor for Safeguarding.
- 17.2 We will complete a self-assessment audit of the School's safeguarding arrangements at frequencies specified by the East Sussex Local Safeguarding Children Partnership and using the audit tool provided by the Standards and Learning Effectiveness Service them for this purpose.
- 17.3 The School's senior management will ensure that action is taken to remedy without delay any deficiencies and weaknesses identified in child protection arrangements.

18 POLICY REVIEW

- 18.1 This policy and the procedures will be reviewed every academic year. All other linked policies will be reviewed in line with the policy review cycle.
- 18.2 The DSL will ensure that staff members are made aware of any amendments to policies and procedures.

19 LINKED POLICES AND PROCEDURES

19.1 The following policies are available from the SLES Safeguarding czone page:

- Online Safety Model Policy and Guidance
- Model Staff Behaviour Policy/Code of Conduct
- Model Supervision of Children Policy
- Keeping Records of Child Protection and Welfare Concerns
- Protocol for Managing Peer on Peer harmful Sexual behaviour in Schools

19.2 The following policies are available on the schools website:

- Administration of Medicines Policy
- Anti-Bullying Policy
- Attendance Policy
- Behaviour Policy
- Children Missing from Education (CME) Procedures
- Complaints Procedure
- Drug and Alcohol Education Policy
- Equalities Policy
- Health and Safety Policy and other linked policies and risk assessments
- ICT Acceptable Use Policy
- Offsite Activities and Educational Visits Policy and risk assessments
- Positive Handling and Physical Intervention Policy and Guidance
- Premises Inspection Checklist
- Preventing Extremism and Radicalisation Safeguarding Policy
- PSHEe Policy
- Recruitment and Selection Policy and procedures
- Teachers' Standards, Department for Education guidance available on [GOV.UK website](#)
- Sex and Relationship Education Policy
- Special Educational Needs and Disabilities Policy
- Spiritual, Moral, Social and Cultural Development Policy
- Staff Code of Conduct/Behaviour Policy
- Work Experience Policy

APPENDIX A

The role of the Designated Safeguarding Lead

1 MANAGING REFERRALS

1.1 The designated safeguarding lead will:

- Refer all cases of suspected abuse to East Sussex Children's Social Care as required.
- Support staff will make referrals to East Sussex children's social care.
- Refer cases to the Channel programme where there is a radicalisation concern as required.
- Support staff who make referrals to the Channel programme.
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and barring Service as required.
- Refer cases where a crime may have been committed to the Police as required **using the NSPCC – 'When to call the police' guidance to inform this decision.**
- Liaise with agencies providing early help services and coordinate referrals from the school to targeted early help services for children in need of support. Monitor any cases referred to early help and consider referral to children's services where the situation does not improve.

2 Work with others

2.2 The designated safeguarding lead will:

- Liaise with the Co-Principals to inform them of issues especially ongoing enquiries under section 47 of the Childrens Act 1989 and police investigations.
- As required, liaise with the 'case manager' and the designated officer(s) at the local authority for child protection concerns in cases which concern a staff member.
- Liaise with staff especially pastoral support staff, school nurses, IT Technicians and SENCO on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies.
- Act as a source of support, advice and expertise to staff members.
- Cooperate with Children's Social Care for enquiries under section 47 of the Childrens Act 1989.
- Attend, or ensure other relevant staff members attend, children protection conferences, core group meetings and other multi-agency meetings, as required.
- Liaise with other agencies working with the child, share information as appropriate and contribute to assessments.
- **Play a pivotal role in multi-agency safeguarding arrangements.**

3 Training

- 3.1 The designated safeguarding lead (and any deputies) will undergo training to provide them with the knowledge and skills required to carry out the role. This training will be updated at least every two years.
- 3.2 The DSL will undertake Prevent awareness training.
- 3.3 In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other DSL's or simply taking time to read and digest safeguarding developments) at regular intervals, as required,

and at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- Understand the assessment process for providing early help and statutory intervention, including the East Sussex continuum of need and the SPOA referral arrangements.
- Have a working knowledge of how East Sussex childrens social care conduct a child protection case conference and a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.
- Ensure each member of staff has access to, and understands, the schools safeguarding and child protection policy and procedures, especially new and part time staff.
- Organise whole-school safeguarding and child protection training for all staff members regularly, and provide updates at least annually. Ensure staff members who miss the training receive it by other means, eg by joining another schools training.
- Are alert to the specific needs of children in needs, those with special educational needs and young carers.
- Are able to keep detailed, accurate, secure written records of concerns and referrals which are in line with East Sussex Safeguarding Children Partnership guidance; *Keep Records of Child Protection and Welfare Concerns*.
- Understand and support the school with regards to the requirements of Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation.
- Are able to understand the unique risks associated with online safety (**including children online at home**) and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college.
- Can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.
- Maintain accurate records of staff induction and training.

4 Raise Awareness

4.1 The designated safeguarding lead will :

- Ensure the schools safeguarding and child protection policies are known, understood and used appropriately.
- Ensure the schools safeguarding and child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies regarding this.
- Ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.
- Link with the ESSCP to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements.
- Help promote stronger educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced with teachers and school leadership staff.

- This will include ensuring that the school, and staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.
- Ensure that staff understand that children who have a social worker due to safeguarding or welfare needs may need this help due to abuse, neglect and complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning behaviour and positive mental health.
- Where children need a social worker, this should inform decisions about safeguarding (for example, responding to unauthorised absences or missing education where there are known safeguarding risks) and promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).
- Ensure that staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour and education.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy and speaking to the designated safeguarding lead or a deputy.

5 Child Protection Files

- 5.1 Where children leave the school the DSL will ensure their safeguarding and child protection file is transferred to the school as soon as possible (ESCC best practice is that this should be actioned within five working days). This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools should ensure key staff such as DSL's and SENCOs or the named person with oversight for SEN in colleges, are aware as required.

In addition to the safeguarding and child protection files, the DSL will also consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new educational establishment to continue supporting victims of abuse and have that support in place for when the child arrives.

6 Availability

- 6.1 During term time the DSL or a deputy will always be available (during school hours) for staff in the school to discuss any safeguarding concerns.
- 6.2 Where any activities take place outside of regular school hours, the school will ensure that a DSL is available to be contacted during this time.

7 Quality Assurance

- 7.1 Monitor the implementation of and compliance with policy and procedures, including periodic audits of child protection and welfare concerns files (at a minimum twice a year).
- 7.2 Complete an audit of the schools safeguarding arrangements at frequencies specified by the East Sussex Safeguarding Children Partnership.
- 7.3 Provide regular reports, to the Advisory Governing Body detailing changes and reviews to policy, training undertaken by staff members and the number of child protection plans and other relevant data.
- 7.4 Take lead responsibility for remedying any deficiencies and weaknesses identified in safeguarding and child protection arrangements.

APPENDIX B

Child Protection and Safeguarding

1 DEFINITIONS

- 1.1 **Children** are any people who have not yet reached their 18th birthday; a 16-year-old, whether living independently, in further education, in the armed forces or in hospital, is a child and is entitled to the same protection and services as anyone younger.
- 1.2 **Child protection** is part of safeguarding and promoting the welfare of children and refers to activity undertaken to protect specific children who are suffering, or likely to suffer, significant harm.
- 1.3 **Early help** means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years to teenage years.
- 1.4 **Harm** is ill treatment or impairment of health and development, including impairment suffered from seeing or hearing the ill treatment of another.
- 1.5 **Safeguarding** is the action we take to promote the welfare of children and protect them from harm.
 - protecting children from maltreatment;
 - preventing impairment of children's **mental or physical** health and development;
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
 - taking action to enable all children to have the best outcomes.

2 CATEGORIES OF ABUSE

- 2.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.
- 2.2 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- 2.3 **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of

emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

- 2.4 **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.
- 2.5 Child sexual exploitation is also sexual abuse; it involves children and young people receiving something, for example accommodation, drugs, gifts or affection, as a result of them performing sexual activities, or having others perform sexual activities on them. It could take the form of grooming of children, e.g. to take part in sexual activities or to post sexual images of themselves on the internet.
- 2.6 **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
- 2.7 Depending on the age and capacity of the child, staff should be aware of possible self-neglect, e.g. where a child may not be following medical guidance or taking medication as prescribed. Where this is the case this should be raised as a safeguarding concern.

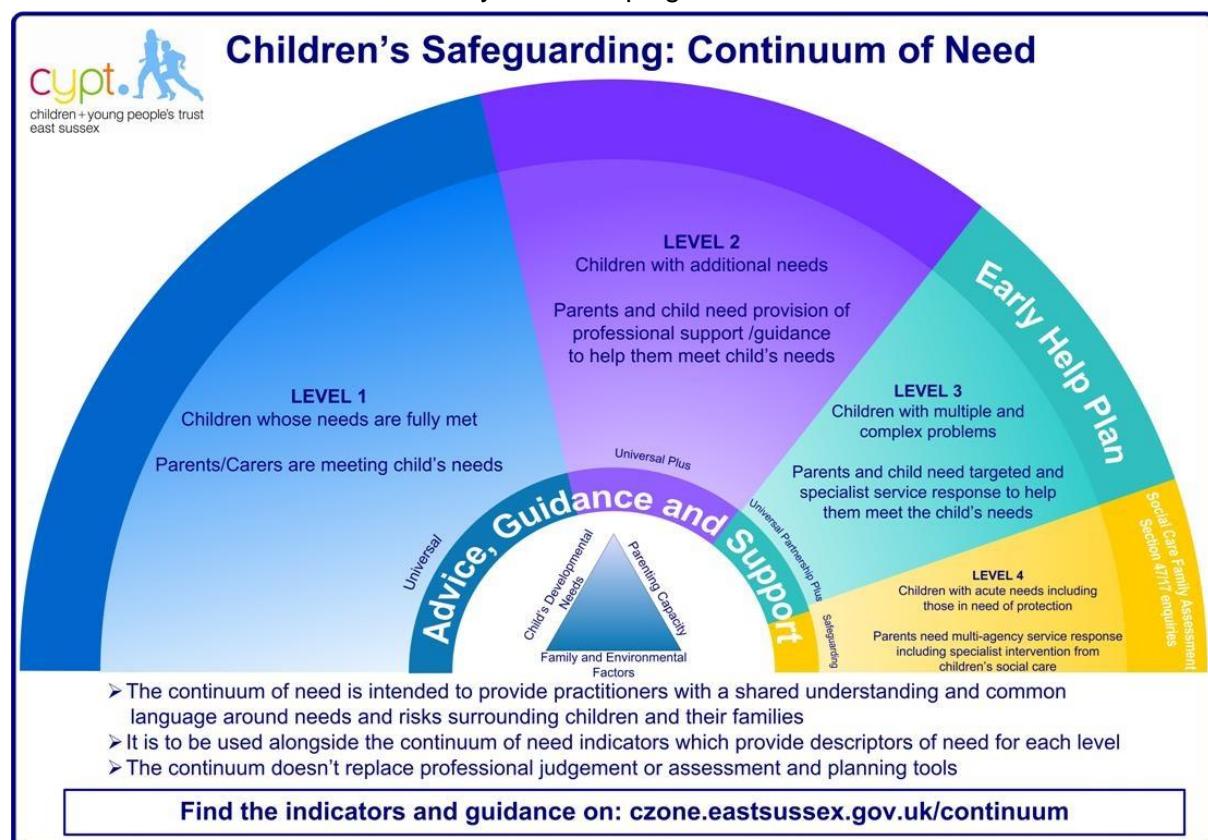

3 RECOGNITION – WHAT TO LOOK FOR

- 3.1 Staff members should refer to the detailed information about the categories of abuse and risk indicators in the <https://sussexchildprotection.procedures.org.uk/page/contents> for further guidance.
- 3.2 In an abusive relationship, the child may:
- appear frightened of their parent(s)
 - act in a way that is inappropriate to their age and development, although full account needs to be taken of different patterns of development and different ethnic groups
 - however, they may also not exhibit any signs of stress/fear
- 3.3 In an abusive relationship, the parent or carer may:
- persistently avoid child health services and treatment of the child's illnesses
 - have unrealistic expectations of the child
 - frequently complain about or to the child and fail to provide attention or praise
 - be absent
 - be misusing substances
 - persistently refuse to allow access on home visits by professionals

- be involved in domestic violence and abuse
 - be socially isolated
- 3.4 Serious case reviews, now known as safeguarding practice reviews, have found that parental substance misuse, domestic abuse and mental health problems, if they coexist in a family could mean significant risks to children. Problems can be compounded by poverty, frequent house moves or eviction.

4 SAFEGUARDING CHILDREN CONTINUUM OF NEED

- 4.1 The Safeguarding Children Continuum of Need has been developed so that everyone working with children in East Sussex has a common language for understanding the needs and risks surrounding children and their families. It is important that all members of staff are familiar with it.
- 4.2 The Continuum of Need shows that a child's or family's additional needs can be on a range from one to four, and that needs can shift from early help to child protection and back to preventative early help. It covers children whose needs are increasing as well as children whose needs are decreasing after Children's Social Care involvement. The Continuum of Need will help practitioners to identify the right level of support for the child in the least intrusive way while keeping the child safe.

4.3 The Continuum of Need identifies four levels of need.

Level 1:

- children who are achieving expected outcomes
- their needs are met by their parents and by accessing universal services such as health and education
- they do not have additional needs

Level 2:

- children with additional needs

- parents need professional support or guidance to help them meet their children's needs
- extra support can usually be provided by agencies that already know the family, e.g. their pre-school, school or college or NHS community services such as Health Visiting

Level 3:

- children with multiple and complex needs
- children and parents need targeted early help or specialist services to meet the children's needs
- needs are met through multi-agency support and the use of Early Help Plans

Level 4:

- children with acute needs, including those in need of protection
- children and parents need multi-agency responses which include specialist intervention from Children's Social Care through the family assessment process

4.4 By referring to the Continuum of Need and indicators, the school can identify when assessment and support for a child and family need 'stepping up' to a referral to Social Care and when the needs of a child and their family have been reduced enough for them to be 'stepped down' to early help services.

4.5 When assessing cases of possible neglect the ESCC Neglect Matrix will be used. This tool mirrors the Continuum of Need, but with greater focus upon potential indicators of neglect mapped across each of the four levels of need.

5 WHAT ACTION TO TAKE IF YOU HAVE CONCERNs ABOUT A CHILD

5.1 When concerned about the welfare of a child, staff should always act in the best interests of the child.

5.2 If staff are unsure, they should always speak to the DSL or deputy DSL who are available in the Wellbeing Hub during office hours and Head of Boarding after school hours.

5.3 If staff have any concerns about a child's welfare, they should act on them immediately.

5.4 Staff should not assume a colleague or another professional will take action.

5.5 The DSL or a deputy should always be available to discuss safeguarding concerns. If in exceptional circumstances, the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from SPoA. In these circumstances, any action taken should be shared with the DSL (or deputy) as soon as is practically possible.

5.6 At Buckswood School all concerns should be reported using the welfare concern form, which are available in the staffroom and Wellbeing Hub, these concerns are recorded using the online system, My Concern.

6 DEALING WITH A DISCLOSURE MADE BY A CHILD

6.1 If a child discloses that he or she has been abused **or experienced harm** in some way, the member of staff or volunteer should follow this guidance.

- Listen to what is being said without displaying shock or disbelief.
- Only ask questions when necessary to clarify.

- Accept what is being said.
- Allow the child to talk freely – do not put words in the child’s mouth.
- Reassure the child that what has happened is not his or her fault.
- Do not promise confidentiality – it may be necessary to refer the child to Children’s Social Care.
- Stress that it was the right thing to tell.
- Do not criticise the alleged perpetrator.
- Explain what has to be done next and who has to be told.
- Inform the DSL without delay.
- Complete the child protection incident/welfare concern form and pass it to the DSL. Staff use the paper welfare concern form.
- Dealing with a disclosure from a child and safeguarding issues can be stressful. Consider seeking support for yourself and discuss this with the DSL.

7 DISCUSSING CONCERNS WITH THE FAMILY AND THE CHILD

- 7.1 In general we will always discuss any concerns the school may have with the child’s parents. They need to know that we are worried about their child. However we will not discuss our concerns if we believe that this would place the child at greater risk or lead to loss of evidence for a police investigation.
- 7.2 If we make a decision not to discuss our concerns with the child’s parents or carers this will be recorded in the child’s safeguarding file with a full explanation for our decision.
- 7.3 It is important to consider the child’s wishes and feelings, if age appropriate, as part of planning what action to take in relation to concerns about their welfare.
- 7.4 When talking to children, we will take account of their age, understanding and preferred language, which may not be English. It is also important to consider how a disabled child may need support in communicating.
- 7.5 How we talk to a child will also depend on the substance and seriousness of the concerns. We may need to seek advice from Children’s Social Care or the police to ensure that neither the safety of the child nor any subsequent investigation is jeopardised.
- 7.6 If concerns have arisen as a result of information given by a child, we will reassure the child but not promise confidentiality.
- 7.7 We will discuss our concerns with the parents and seek their consent to making a referral to Children’s Social Care, unless we consider that this would place the child at increased risk of significant harm.
- 7.8 We do not need the parents’ consent to make a referral if we consider the child is in need of protection, although parents will ultimately be made aware of which organisation made the referral.
- 7.9 If parents refuse to give consent to a referral but we decide to continue, we will make this clear to Children’s Social Care.
- 7.10 If we decide to refer a child without the parents’ consent, we will record this with a full explanation of our decision.
- 7.11 When we make our referral, we will agree with Children’s Social Care what the child and parents will be told, by whom and when.

8 EARLY HELP FOR CHILDREN AND FAMILIES

- 8.1 Most parents can look after their children without the need of help other than from their family or friends. However, some parents may need additional help from our school or other services such as the NHS. Providing help early is more effective in promoting the welfare of children than reacting later.
- 8.2 Any child may benefit from early help, but all staff should be particularly alert to the potential need for early help for the children identified in part 6 of the main policy document.
- 8.3 Our school will work together with other agencies to provide a coordinated offer of early help, in line with *Working Together to Safeguard Children July 2018* and local guidance, to any child who needs it.
- 8.4 We will pool our knowledge within the school and with other agencies about which families or children need additional support in a range of ways so that we can work out how best to help them. We will use the East Sussex Safeguarding Continuum of Need tool to identify what level of need the child or their family has.
- 8.5 We will work closely with targeted early help services and Children's Social Care if we feel families need more support and input, or children are at risk of harm, and we will continue to provide support if other services are also needed.
- 8.6 We will talk to the family about referral to a targeted early help service and explain that there may be a need to involve other professionals, including talking to a social worker about our concerns. We will seek the family's consent for the referral.
- 8.7 If the family does not consent to an early help service, we will make a judgement about whether the needs of the child will escalate, or the child will become unsafe without help. If our judgement is that the needs or concerns will escalate, then we will contact the Children's Social Care Single Point of Advice for a consultation with a qualified social worker in order to make a shared decision about whether the level of concerns calls for a referral to Children's Social Care.

9 CHILDREN'S SOCIALCARE-LED RESPONSES TO CONCERNs ABOUT A CHILD

- 9.1 Once Children's Social Care has accepted our referral as needing a social-care-led response (Level 4 of the Continuum of Need), we will cooperate with Children's Social Care and the police in any emergency action they take using their legal powers for immediate protection of the child.
- 9.2 We will participate in any multi-agency discussions (strategy discussions), if invited to do so, and share information about the child and their family to plan the response to concerns.
- 9.3 We will ensure that a relevant staff member participates in all initial and review child protection conferences, if we are invited to attend. The staff member will work together with other agencies to discuss the need for and agree to an outcome focused child protection plan and will ensure that the child's wishes and views are considered in their own right in planning.
- 9.4 If we are members of the core group to implement a child protection plan, we will ensure a relevant staff member participates in all core group meetings.

9.5 We will ensure that we complete all actions allocated to us as part of the outcome-focused plan, whether a child protection plan or a family support plan, in a timely way.

9.6 We will continue to monitor children once their plans are ended to ensure that they are supported and kept safe.

10 INFORMATION SHARING AND CONSENT

10.1 It is essential that people working with children can confidently share information as part of their day-to-day work. This is necessary not only to safeguard and protect children from harm but also to work together to support families to improve outcomes for all.

10.2 The school may have to share information about parents or carers, such as their medical history, disability or substance misuse issues, for investigations of child abuse carried out by Children's Social Care.

10.3 We will proactively seek out information as well as sharing it. This means checking with other professionals whether they have information that helps us to be as well informed as possible when working to support children.

10.4 The Data Protection Act 2018 and the General Data Protection Regulations 2018 are not barriers to sharing information and do not change duties under safeguarding. They are there to ensure that personal information is managed in a sensible way and that a balance is struck between a person's privacy and public protection.

10.5 We should be sharing any concerns we have with parents at an early stage, unless this would put a child at greater risk or compromise an investigation. Parents need to know what our responsibilities are for safeguarding and protecting children and that this involves sharing information about them with other professionals.

10.6 We will be clear about the purpose of sharing confidential information and only share as much as we need to achieve the purpose.

10.7 We will try to get consent from parents (or the child, if they have sufficient understanding³) to share information, if possible. However, we do not need consent if we have serious concerns about a child's safety and well-being. If we decide to share information without consent, we will record this with a full explanation of the decision.

10.8 **Consent will not be sought from parents or carers (or the child, if they have sufficient understanding), if:**

- it would place a child at increased risk of harm; or
- it would place an adult at risk of serious harm; or
- it would prejudice a criminal investigation; or
- it would lead to unjustified delay in making enquiries about allegations of significant harm to a child; or
- required by law or a court order to share information.

10.9 **Consent is not necessary** in cases where Children's Social Care are making child protection enquiries under section 47 of the Children Act 1989. Information needs to be shared with Children's Social Care; staff members must make sure to record what information has been shared.

³ Children aged 12 or over may generally be expected to have sufficient understanding. Younger children may also have sufficient understanding. All people aged 16 and over are presumed, in law, to have the capacity to give or withhold their consent, unless there is evidence to the contrary.

10.10 Consent is necessary, for:

- Children's Social Care investigations or assessments of concerns under section 17 of the Children Act 1989. Children's Social Care will assume that we have obtained consent from the parents to share information unless we make them aware that there is a specific issue about consent. This must be discussed with a social worker in the Single Point of Advice.
- Early help (level 3) referrals and assessments. Assessments are undertaken with the agreement of the child and their parents or carers.

10.11 Where there is any doubt about the need for seeking consent, advice will be sought from the DSL or from the Children's Social Care Single Point of Advice.

10.12 A record will be made of the decision to share information, with or without consent, and the reasons for it. Equally a record will be made of any decision not to share information including the reason for this.

11 RECORD KEEPING

11.1 Accurate and timely record keeping is an important part of the school's accountability to children and their families and will help us in meeting our key responsibility to respond appropriately to welfare concerns about children.

11.2 Records will be factual, accurate, relevant, up to date and auditable. They will support monitoring, risk assessment and planning for children and enable informed and timely decisions about appropriate action to take.

11.3 All staff members, governors, volunteers, contractors and activity providers will ensure that they record and report safeguarding concerns in line with guidance from the ESSCP Keeping Records of Child Protection and Welfare Concerns Guidance.

11.4 The DSL will ensure that records are maintained accurately for children with safeguarding concerns and that stand-alone files are created and maintained in line with requirements of the above guidance.

12 PROFESSIONAL CHALLENGE AND DISAGREEMENTS

12.1 Working with children and families, and in particular child protection work, is stressful and complex, as well as involving uncertainty and strong feelings. To ensure that the best decisions are made for children, we need to be able to challenge one another's practice.

12.2 We will promote a culture within our school that enables all staff members to raise, without fear of repercussions, any concerns they may have about the management of safeguarding in the school. This may include raising concerns about decisions, action and inaction by colleagues about individual children. If necessary, staff members will speak with the Designated Safeguarding Lead, the Co-Principal, or the Safeguarding Advisory Governor.

12.3 Cooperation across agencies is crucial; professionals need to work together, using their skills and experience, to make a robust contribution to safeguarding children and promoting their welfare within the framework of discussions, meetings, conferences and case management.

12.4 If there are any professional disagreements with practitioners from other agencies, the DSL or the Co-Principal will raise concerns with the relevant agency's safeguarding lead in line with guidance in the Pan-Sussex Child Protection and Safeguarding Procedures

12.5 If the school disagrees with the child protection conference chair's decision, the DSL or the Co-Principal will consider whether they wish to challenge it further and raise the matter with Children's Services Head of Safeguarding.

13 PROCEDURE FOR MANAGING ALLEGATIONS OF ABUSE AGAINST STAFF

13.1 Within this document the term staff should be broadly read as any adult working within the school, whether directly employed, providing a contracted service, a one off service such as a supply teacher or a volunteer.

13.2 Our aim is to provide a safe and supportive environment which secures the well being and very best outcomes for the children at our school. We do recognise that sometimes the behaviour of adults may lead to an allegation of abuse being made.

13.3 Allegations sometimes arise from a differing understanding of the same event but, when they occur, they are distressing and difficult for all concerned. We also recognise that some allegations are genuine and there are some adults who deliberately seek to harm or abuse children.

13.4 We will take all possible steps to safeguard our children and to ensure that the adults in our school are safe to work with children. We will always ensure that the procedures outlined in Part 4 of Keeping Children Safe in Education September 2020 and Pan Sussex Procedures are adhered to and will follow the flowchart in Appendix D.

13.5 If an allegation is made or information is received about an adult who works in our school which indicates that they have behaved or may have behaved in a way that indicates that they may be unsuitable to work with children, the member of staff receiving the information should inform the Co-Principal immediately. Should an allegation be made against the Co-Principal, this will be reported to the Safeguarding Advisory Governor. In the event that neither the Co-Principal nor Safeguarding Advisory Governor are not contactable on that day, the information must be passed to and dealt with by either the member of staff acting as Co-Principal or another member of the Advisory Governing Board.

13.6 The Co-Principal or Advisory Safeguarding Governor will follow the flowchart in Appendix C. No member of staff will undertake further investigations before receiving advice from Single Point of Advice or LADO.

13.7 Any member of staff or volunteer who does not feel confident to raise their concerns with the Co-Principal or Advisory Safeguarding Governor should follow the flowchart in Appendix C and make the appropriate contact direct.

13.8 Supporting people:

- The school together with Children's Social Care and the police, if they are involved, will consider the impact on the child concerned and provide support as appropriate.
- The Co-Principal will ensure that the child and family are kept informed of the progress of the investigation.
- The Personnel/HR lead for organisation will be contacted at the earliest opportunity for advice in relation to the investigation of any allegation.
- The staff member who is the subject of the allegation will be advised to contact their union, professional association or a colleague for support, (depending on the outcome of the safeguarding strategy meeting which is normally chaired by the LADO).

- The Personnel/HR lead for the organisation will ensure that the staff member is provided with appropriate support, if necessary, through occupational health or welfare arrangements.
- The Co-Principal will appoint a named representative to keep the staff member updated on the progress of the investigation; this will continue during any police or section 47 investigation or disciplinary investigation.
- The legislation imposing restrictions makes clear that “publication” of material that may lead to the identification of the teacher who is the subject of the allegation is prohibited. “Publication” includes “any speech, writing, relevant programme or other communication in whatever form, which is addressed to the public at large or any section of the public”. This means that a parent who, for example, published details of the allegation on a social networking site would be in breach of the reporting restrictions (if what was published could lead to the identification of the teacher by members of the public).

13.9 The school has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or the Personnel/HR lead for the organisation. In the case of a member of teaching staff, a decision will be made about whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

13.10 In line with Keeping Children Safe in Education September 2020, under no circumstances will the school decide to cease to use a supply teacher due to safeguarding concerns, without finding out the facts and liaising with the LADO to determine a suitable outcome.

13.11 Where there are conduct issues with a supply teacher, which may not reach the threshold for safeguarding, we will consult the LADO nonetheless.

13.12 The agency for the supply teacher will be fully involved and expected to co-operate in any enquiries from the LADO, police and/or children’s social services.

13.13 Where directed to do so by the LADO, police and/or children’s social services, the school will support any safeguarding investigation by collecting the facts when an allegation is made.

13.14 In this respect it may be that the school take a lead on this safeguarding element of investigation.

14 THE USE OF ‘REASONABLE FORCE’

14.1 There are circumstances when it will be appropriate for staff to use reasonable force to safeguard children. The term ‘reasonable force’ covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. ‘Reasonable’ in these circumstances means ‘using no more force than is needed’. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil’s path, or active physical contact such as leading a pupil by the arm out of the classroom.

- 14.2 Please see behaviour policy for further guidance on the use of reasonable force and **restrictive physical interventions**. Please see the schools Use of Reasonable Force Policy which is available on request.
- 14.3 When managing incidents of **reasonable force and restrictive physical interventions** the school will consider whether to liaise with the LADO, where it is thought that the physical intervention may lead to an allegation.

APPENDIX C

Specific Safeguarding Issues

1 INTRODUCTION

- 1.1 School staff members need to be aware of specific safeguarding issues and be alert to any risks. Specific issues are detailed within Annex A of Keeping Children Safe in Education September 2020 and staff should read this document. Further information about the local procedures in response to these issues can be found within section 8 of the Pan-Sussex Child Protection and Safeguarding Procedures [here](#).
- 1.2 Annex A of Keeping Children Safe in Education September 2020 contains various hyperlinks or references to further sources of information and support with specific safeguarding issues, which have not been duplicated within this appendix.
- 1.3 Within this appendix are the key considerations for specific safeguarding issues, not all of which are listed within Annex A of Keeping Children Safe in Education September 2020.

2 CHILDREN AND THE COURT SYSTEM

- 2.1 Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed.
- 2.2 Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children.
- 2.3 Schools need to be mindful of the stress of these situations and signpost parents to external resources where necessary. Equally the impact upon staff of managing these situations also needs to be considered.

3 CHILDREN MISSING FROM EDUCATION

- 3.1 All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future.
- 3.2 The school must inform the local authority of any pupil who fails to attend regularly, or has been absent without the schools permission for a continuous period of 10 schools days or more.
- 3.3 All staff should be aware of the school's unauthorised absence and children missing from education procedures.

4 CHILDREN WITH FAMILY MEMBERS IN PRISON

- 4.1 Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

5 CHILD CRIMINAL EXPLOITATION (CCE)

- 5.1 CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology.
- 5.2 CCE can include children
- being forced to work in cannabis factories
 - being coerced into moving drugs or money across the country,
 - forced to shoplift or pickpocket, or to threaten other young people.
- 5.3 Some of the following can be indicators of CCE:
- children who appear with unexplained gifts or new possessions;
 - children who associate with other young people involved in exploitation;
 - children who suffer from changes in emotional well-being;
 - children who misuse drugs and alcohol;
 - children who go missing for periods of time or regularly come home late; and
 - children who regularly miss school or education or do not take part in education.

6 CHILD SEXUAL EXPLOITATION (CSE)

- 6.1 CSE occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator.
- 6.2 The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact; it can also occur through the use of technology. CSE can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex.
- 6.3 It can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity and may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media).
- 6.4 The above CCE indicators can also be indicators of CSE, as can:
- children who have older boyfriends or girlfriends; and
 - children who suffer from sexually transmitted infections or become pregnant..

7 COUNTY LINES

- 7.1 County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of "deal line".

7.2 Exploitation is an integral part of the county lines offending model with children and coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children's homes and care homes.

7.3 Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

7.4 One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation..

8 DOMESTIC ABUSE

8.1 The cross-government definition of domestic violence and abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

8.2 All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

8.3 Operation Encompass is coordinated by Sussex Police. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable support to be given to the child according to their needs.

8.4 When approaching conversations with children or adults about domestic violence and abuse we will do so in line with the ESCC Domestic Abuse Toolkit: Supported Conversations with Young People and their Carers

9 HOMELESSNESS

9.1 Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as

appropriate, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

- 9.2 In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17- year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances.

10 CHILDREN WITH MEDICAL CONDITIONS

- 10.1 Children with medical conditions will be supported in accordance with the Medical Policies and Procedures available in The Buckswood Health Service and the statutory guidance Supporting Pupils at School with Medical Conditions 2015.
- 10.2 Buckswood School will ensure that arrangements are in place to support children with medical conditions. These arrangements will be informed through liaison with the parents and medical professionals, where appropriate, and dependent on the age and capacity, the child as well.
- 10.3 Most ongoing conditions will require an individual healthcare plan, unless it is agreed that this would be inappropriate and disproportionate.
- 10.4 The healthcare plan will be shared with staff as necessary, to ensure that staff are aware of what arrangements are in place, as well as any emergency procedures.
- 10.5 Systems are in place to ensure that the Designated Safeguarding Lead is kept informed of arrangements for children with medical conditions and is alerted where a concern arises, such as an error with the administering of medicines or intervention, or repeated medical appointments being missed, or guidance or treatments not being followed by the parents or the child.
- 10.6 The DSL will consult with Health Professionals and consider further safeguarding actions in the event of:
- concerns about attendance
 - if a medical condition is impacting on a child's ability to participate in normal school activities
 - if emergency treatment is being provided regularly
 - If there has been a significant health event at school
- 10.7 In respect of health concerns for a child the DSL will give due consideration to the possibility of fabricated or induced illness and perplexing presentations following Pan-Sussex Child Protection and Safeguarding Procedures [here](#).

11 SO-CALLED ‘HONOUR-BASED’ ABUSE INCLUDING FEMALE GENITAL MUTILATION AND FORCED MARRIAGE

- 11.1 So-called ‘honour-based’ abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving “honour” often involves a wider network of family or community pressure and can include multiple perpetrators.

It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

- 11.2 If staff have a concern regarding a child that might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy).
- 11.3 FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
- 11.4 Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.
- 11.5 Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the schools designated safeguarding lead (or deputy) and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.
- 11.6 Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

12 PREVENTING RADICALISATION: THE PREVENT DUTY AND THE CHANNEL PROCESS

- 12.1 Children are vulnerable to extremist ideology and radicalisation. As with protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools’ or colleges’ safeguarding approach.
Extremism is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups. **Terrorism is an action that endangers or causes serious violence to a person/people; cause serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.**

- 12.2 There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet).
- 12.3 However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme.
- 12.4 All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty.
- 12.5 The Prevent duty should be seen as part of schools wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the Revised Prevent duty guidance: for England and Wales,
- 12.6 Channel is a **voluntary, confidential support** programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or college may be asked to attend the Channel panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.

13 PRIVATE FOSTERING

- 13.1 Parents and carers often fail to notify schools about private fostering arrangements even though they are legally required to notify Children's Services. Often this is because they are unaware of the requirements. They believe that this is a private family arrangement which does not concern anybody else.
- 13.2 **Private Fostering definition**
Private fostering occurs when a child under 16 (or 18 if the child is disabled) is cared for and lives with an adult who is not a relative for 28 days or more. This could be a step parent (by marriage or civil partnership), grandparent, step grandparent, brother, sister, uncle or aunt.
- 13.3 Private fostering is a private arrangement made by the parent(s), (or those with parental responsibility) for someone to care for their child because they are unable to do so (permanently or temporarily). This may be due to a number of reasons such as parental ill health, a parent going abroad or in to prison, a child being bought to the UK to study English or the relationship between the child and parent has broken down.
- 13.4 School staff play an essential role in identifying privately fostered children. If you know a child is being privately fostered you should advise the parent/carer that they have a legal obligation to report the arrangement to Children Social Care at least six weeks before it happens or within 48 hours if the arrangement is current having been made in an emergency.

13.5 Alert your Designated Safeguarding Lead who will ensure this is followed up with Children Social Care and the arrangement is assessed, approved and monitored.

14 PEER ON PEER ABUSE

14.1 Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include, but is not limited to:

- abuse within intimate partner relationships;
- bullying (including cyberbullying);
- sexual violence and sexual harassment;
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
- sexting
- initiation/hazing type violence and rituals.

15 SEXUAL VIOLENCE AND SEXUAL HARASSMENT BETWEEN CHILDREN IN SCHOOLS AND COLLEGES

15.1 Sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

15.2 Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, very probably, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

15.3 Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

15.4 It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

15.5 **Rape:** A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

15.6 **Assault by Penetration:** A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

- 15.7 **Sexual Assault:** A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.
- 15.8 **What is consent?** Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.
- 15.9 When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual "jokes" or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats
- upskirting

15.10 The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12th April 2019. Upskirting is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone, of any gender, can be a victim

- 15.11 The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.
- 15.12 As a school, where we discover incidents of sexualised behaviours between children we will respond to this in line with the East Sussex Protocol for Managing Peer on Peer Harmful Sexual Behaviour in Schools, Settings and Colleges and with reference to the following documents:
 - Brooks Traffic Light Tool
 - ESCC Communicating with parents: Toolkit for guided conversations: harmful sexual behaviour

- ESCC Supporting children and young people who have displayed harmful sexual behaviour
- ESCC Supporting children who have experienced sexual abuse

15.13 In the case of sexting the school will follow the UK Council for Child Internet Safety (UKCCIS) advice for schools and colleges on responding to sexting incidents. Based upon this, when determining a response, the school will consider:

- Whether there is an immediate risk to a young person or young people
- If a referral should be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person – in most cases, imagery will not be viewed
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms. This may be unknown.
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the young people involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved - in most cases parents will be involved

15.14 The school will always make a referral to the police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to special educational needs)
- What is known about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- There is reason to believe a young person is at immediate risk of harm owing to the sharing of the imagery, for example, the young person is presenting as suicidal or self-harming

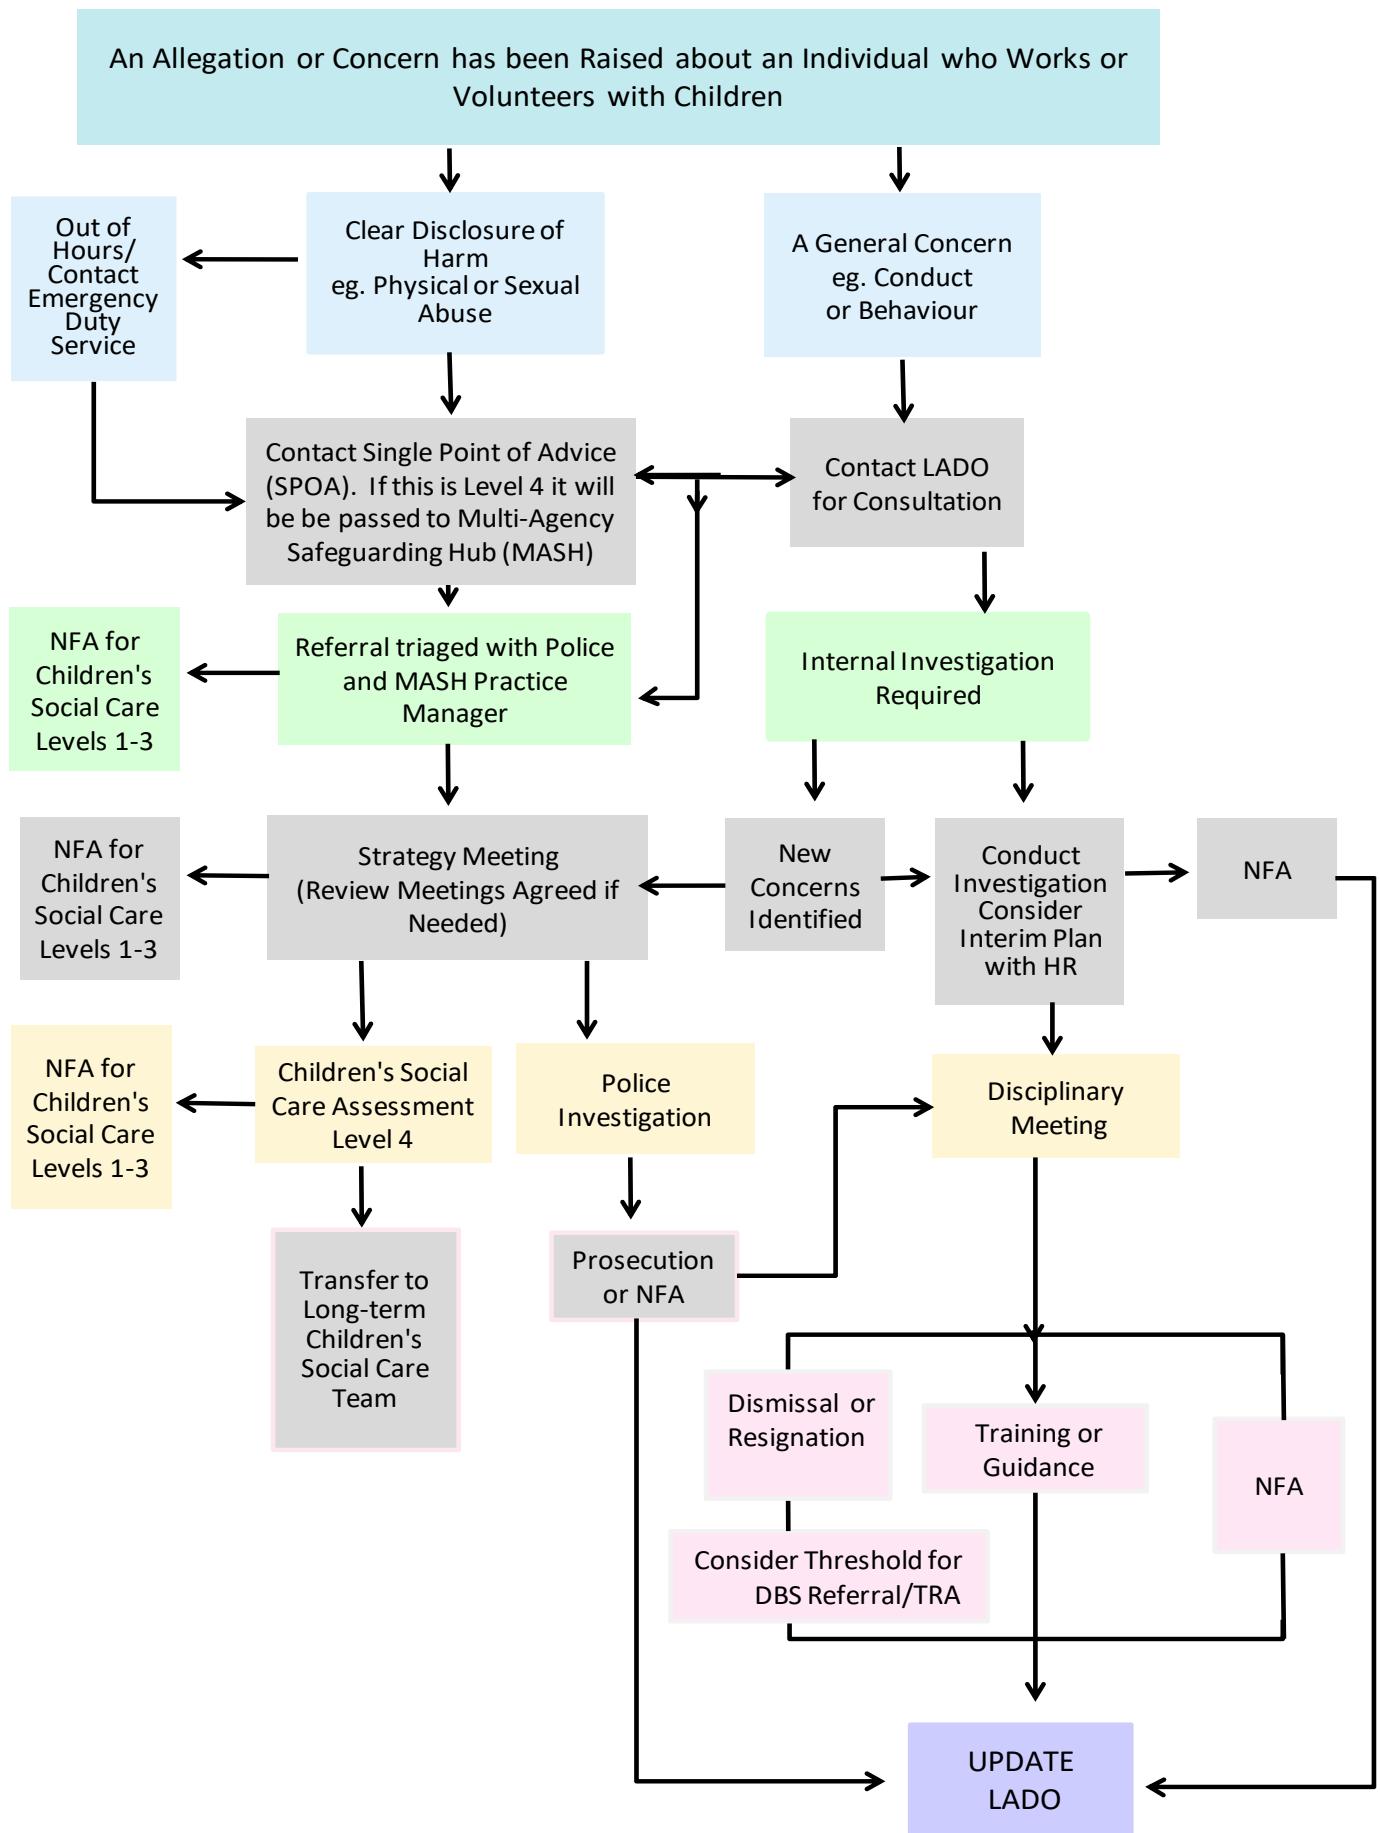

16 SELF-HARM AND SUICIDAL BEHAVIOUR

16.1 Self harm, self-mutilation, eating disorders, suicide threats and gestures by a child must always be taken seriously and may be indicative of a serious mental or emotional disturbance.

16.2 The DSL will always make onward referral to mental health specialist services or Children's Social Care, in line with the Pan-Sussex Child Protection and Safeguarding Procedures.

Appendix D

Managing Allegations Flowchart

MANAGING ALLEGATIONS/CONCERNS ABOUT INDIVIDUALS WHO WORK OR VOLUNTEER WITH CHILDREN FLOWCHART GUIDANCE

Criteria - Working Together 2015

To ensure safeguarding is prioritised for children, it was recommended that all LADO referrals should go through the Multi-agency Safeguarding Hub (MASH), which East Sussex adopted in September 2015.

From 3 May 2016, all social care enquiries and referrals in East Sussex will go via the Single Point of Advice (SPOA) based at St Mark's House.

Referrals to Children's Social Care need to be considered when a child is at risk of significant harm and an individual who is working or volunteering with children has:-

1. Behaved in a way that has harmed a child, or may have harmed a child
2. Possibly committed a criminal offence against or related to a child
3. Behaved towards a child or children in a way that indicates they may pose a risk of harm to children

When considering the definitions of harm and whether threshold is met for a LADO consultation or referral to the Multi-Agency Safeguarding Hub (MASH), the following guidance provides information about the criteria and process. The examples provided are not exhaustive as the nature of allegations can sometimes be complex, depending on the history of those who are involved.

Behaviours that have or are Likely to Cause Harm

These are more likely to fall in the remit of professional conduct, for example:

- Contact with children and young people through social media and private email accounts
- Bullying, threats and intimidation
- Comments of a personal, derogatory or racially abusive nature which could cause emotional harm.
- Physical contact of a non-sexual nature, but which breaches a code of conduct
- Providing rewards and incentives which are not sanctioned within a code of conduct and could single out particular children or young people to the detriment of others.

These types of behaviour should be discussed with the LADO in the first instance, as they have happened in isolation. Sometimes there is a fine line between harm and behaviour constituting a possible criminal offence. If they form part of a pattern or there are other concerns about the context, consideration would need to be given to whether a referral was required.

Behaviours Associated with Criminal Offences

If a child or young person makes an allegation of sexual or physical abuse, a Statement of Referral (SOR) should be sent to the MASH without delay. The SOR should contain as much information as possible regarding the allegation, full details of the victim and perpetrator. There might be times when there is uncertainty about the process and if in doubt the MASH or LADO can be contacted for guidance prior to sending the SOR.

Examples where a SOR is warranted are:

- Physical abuse and restraint where injuries have been caused to a child including; scratches, cuts, bruises, red marks, swelling, bites and broken bones
- Disclosures of sexual abuse, including direct contact, historic incidents, links to exploitation, grooming and online abuse
- Physical abuse or inappropriate restraint, pushing or shoving without injury, but this has been witnessed.
- In incidences where allegations of physical abuse are difficult to corroborate because they have not been witnessed or there is a history of previous allegations from a young person, a discussion should still be had with MASH about whether the threshold for a referral is met. MASH might not agree a referral once they have consulted with Police, but will give advice about liaison with the LADO and/or an internal investigation.

Please note that if injuries have been observed and these should be documented on a body map, with a description of size, location and the type of injury seen. Photographs should not be taken by other professionals or sent by email as Police and a Paediatrician will usually take photographs and measure these to scale. There are occasions when Police might ask for this to be done, and agreement will be needed about this on a case by case basis.

Behaviours Which Might Pose a Risk to Children

Any of the behaviours already identified could meet this criteria. However, there are some behaviours in the workplace which would breach the code of conduct but have not caused immediate harm. In other instances events in a person's personal life could impact upon their professional or voluntary role with children and young people, for example:

- Being under the influence of drugs or alcohol in the workplace
- Inappropriate use of work IT equipment in work or at home e.g. viewing adult pornography
- Failure to protect or report a safeguarding concern
- Personal involvement with Children's Services, for example Child Protection Plans for own children
- Domestic Abuse
- Arrest or prosecution for a criminal offence outside of work including sexual offences in relation to children or adults, violence, drugs, drink driving

In the first instance any code of conduct issues should be discussed with the LADO. Agencies might be contacted about other incidents where Police and Children's Services involvement has happened, but there might also be times when criminal activity in someone's personal life is not reported to Children's Social Care and there should be a discussion with the SPOA about this.

If any professionals become aware that there are safeguarding concerns in an individual's private life and they work or volunteer with children, there should be a consultation with the LADO to consider how this can be monitored or addressed. If there are child protection concerns, and social care involvement the employer should be made aware in case there are additional factors to take into consideration with that person's role. If there is social care involvement under child in need, it might still be necessary to inform the employer, but the level of concerns will need to be discussed and an action plan agreed. The employee should be encouraged to talk to their employer in the first instance.

NEXT STEPS

SPOA will triage a referral, and if it is agreed it meets the threshold for Level 3, when this is on the cusp of Level 3 and Level 4, it will be passed to the MASH in the usual way. The MASH Practice Manager will discuss the referral with Police and the LADO. A decision will be made about whether there is a risk of significant harm which requires a strategy discussion. If this is not agreed the LADO will follow up with an employer or organisation who will be asked to conduct an internal investigation.

NB: If the child already has an allocated Social Worker, contact should be made with the MASH in the first instance and agreement will be made about who will lead investigation.

Decisions will also need to be made about immediate action needed to safeguard any children, and this might include whether an adult needs to be refrained or suspended prior to a strategy meeting. Consideration also needs to be given to any other employment or voluntary work the individual is involved in. This action will need to be agreed with HR on advice from the LADO and Police if there is a potential criminal investigation.

If it has been agreed there is a risk of significant harm a Strategy Meeting will be held, where all relevant professionals, a representative from HR/Personnel, Police and the LADO will be invited to attend. The victim and alleged perpetrator will not be included in this meeting. The strategy meeting should be arranged within 3 working days of the referral being received.

A Manager from the Duty and Assessment Team or MASH will chair the meeting unless there is an allegation involving a Children's Social Care employee or Foster Carer, in which case the LADO will chair the meeting. However, if the Duty or MASH Managers are not available the LADO might chair the strategy meeting to avoid unnecessary delays. The reason for this is that the immediate and wider safeguarding issues for any child or young person who the alleged perpetrator might have contact with, will need to be considered.

If the child already has a Social Worker from another team, it is usually agreed that the allocated team will take forward the strategy meeting with the LADO, unless there are concerns about Child Sexual Exploitation. In this instance the MASH Practice Manager might still have involvement in the meeting. This might also be the case when there is a conflict of interest, and it is considered an independent manager should chair the meeting.

Action Plans will be formulated at the strategy meeting, and a decision might be made to have a review meeting, particularly if there are gaps in information which need to be clarified.

OUT OF HOURS REFERRALS

If a child has made a disclosure of physical or sexual abuse and there is physical evidence a Statement of Referral (SOR) should be discussed with the Emergency Duty Service (EDS). They will be able to liaise with the Police Serious Investigation Units (SIU) based in Eastbourne, Hastings and Brighton, who now provide additional cover. The Police might decide with EDS to start a joint investigation over the weekend to avoid delay.

OUTCOMES

Once a strategy meeting has taken place the following outcomes will be taken forward:

1. NFA as the allegation is found to be unsubstantiated, false, unfounded or malicious.
2. NFA for Children's Services, but there are issues to address in relation to professional conduct or suitability, as concerns were substantiated, but did not meet threshold for criminal investigation. Unsubstantiated outcomes are the most difficult ones to address, as there might still be concerns, but insufficient evidence to proceed; eg a disclosure of sexual abuse where the victim is not willing to make a statement, or physical abuse where there are no injuries, but the account was credible. However, there are occasions when action might be considered to minimise any identified concerns or risks, and this will need to be considered on a case by case basis. HR will provide support and the LADO will need to be kept updated of outcomes. In these cases the concerns might be addressed via an internal investigation and disciplinary meeting or through additional training and monitoring. This could be resolved with the individual being or remaining suspended as a neutral act pending the outcome of enquiries or while they remain at work.
3. Duty and Assessment (DAT) or one of the long-term social work teams will take forward a Family Assessment under Child in Need (Section 17 Children Act 1989) as unmet needs were identified for the victim or children linked to the perpetrator. This could result in universal services on levels 1-3 on the continuum of need or longer term social work support and action in relation to alleged perpetrator might result in outcomes in 1 and 2 above.

4. DAT or one of the long-term social work teams will undertake a Family Assessment due to Child Protection Concerns (Section 47 Children Act 1989). This could result in the actions/outcomes in 1-3 above.
5. The Police might undertake a criminal investigation in relation to a suspected criminal offence when concerns are substantiated. This can take several months to complete especially if IT equipment needs to be checked and the Crown Prosecution Service then needs to review the file. This will often result in the perpetrator remaining on bail for an extended period, while they remain suspended from their employment or voluntary role. HR and the LADO will provide support and liaise during this period, including advice about whether a DBS referral is warranted.

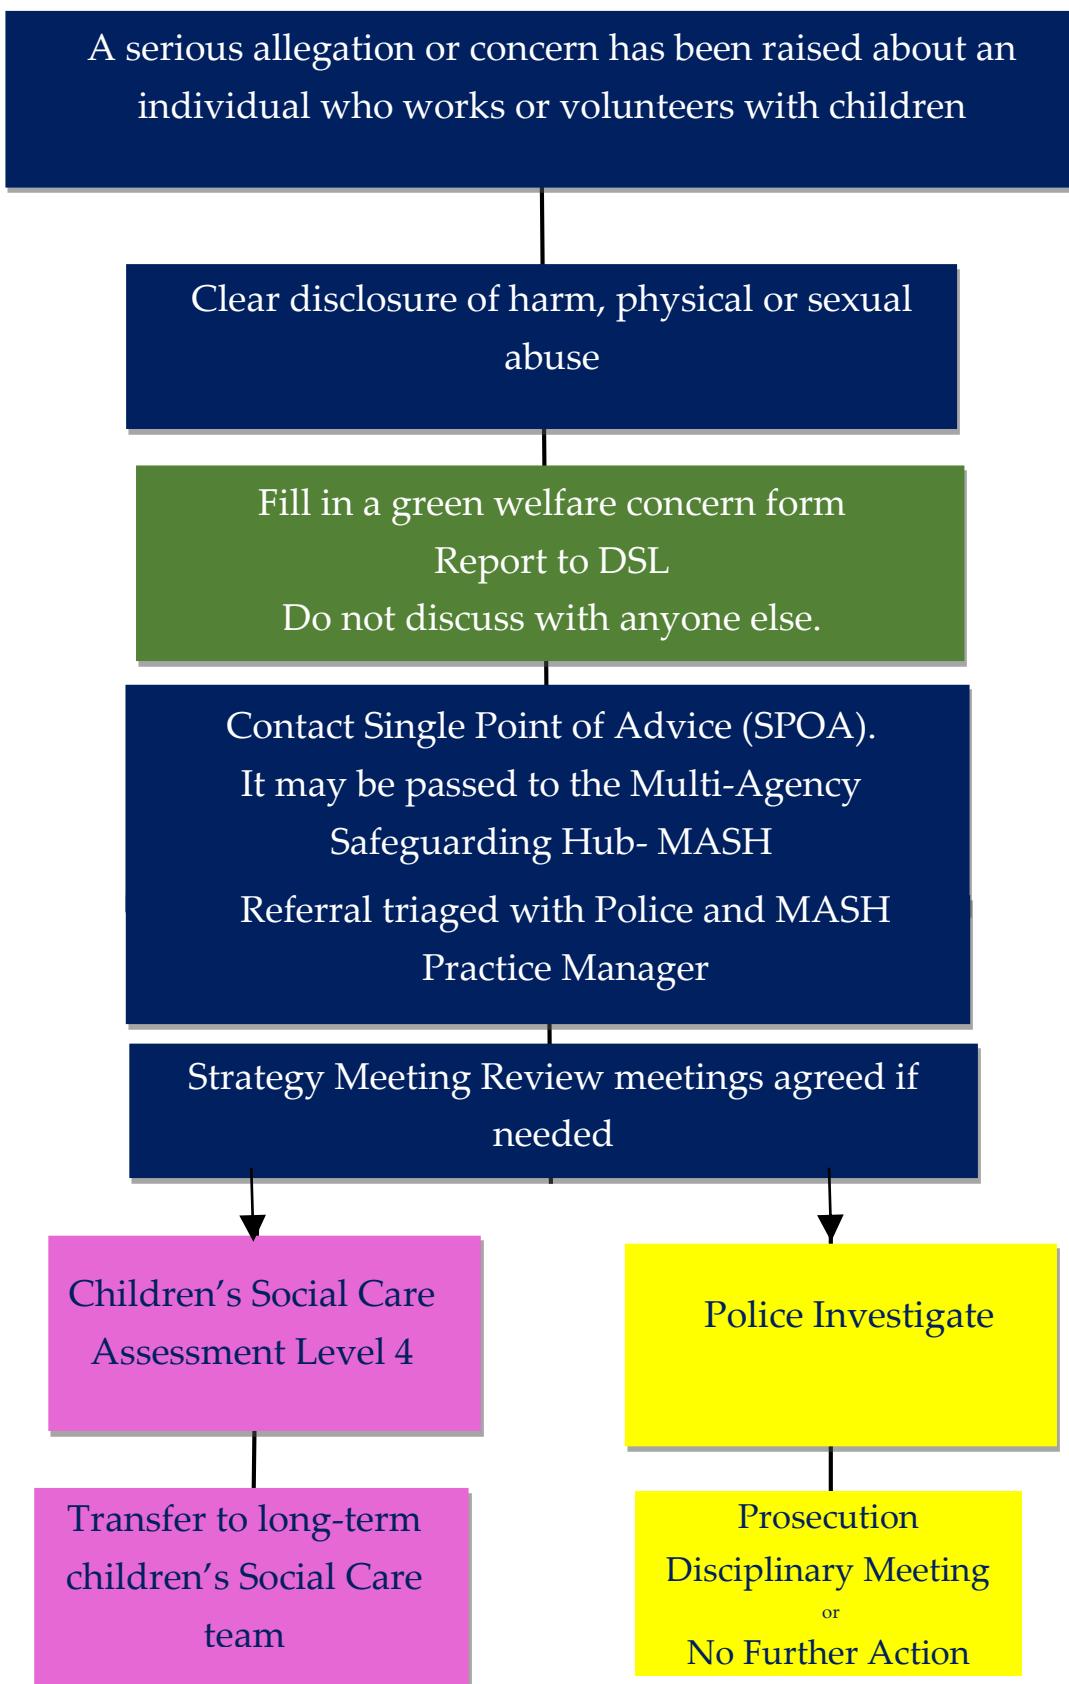

MISCELLANEOUS REFERRALS TO OTHER TEAMS

There are occasions, when agencies including the NSPCC, OFSTED and Complaints Team receive complaints or safeguarding concerns from parents or other third parties, which do not meet the criteria for a SPOA referral or LADO Consultation. These should be dealt with as follows:

- OFSTED/NSPCC Complaints, which do not meet threshold for referral to SPOA, should be passed to or discussed with the LADO to establish whether the Schools Safeguarding Officer/Standards and Learning Effectiveness Service (SLES) need to investigate.

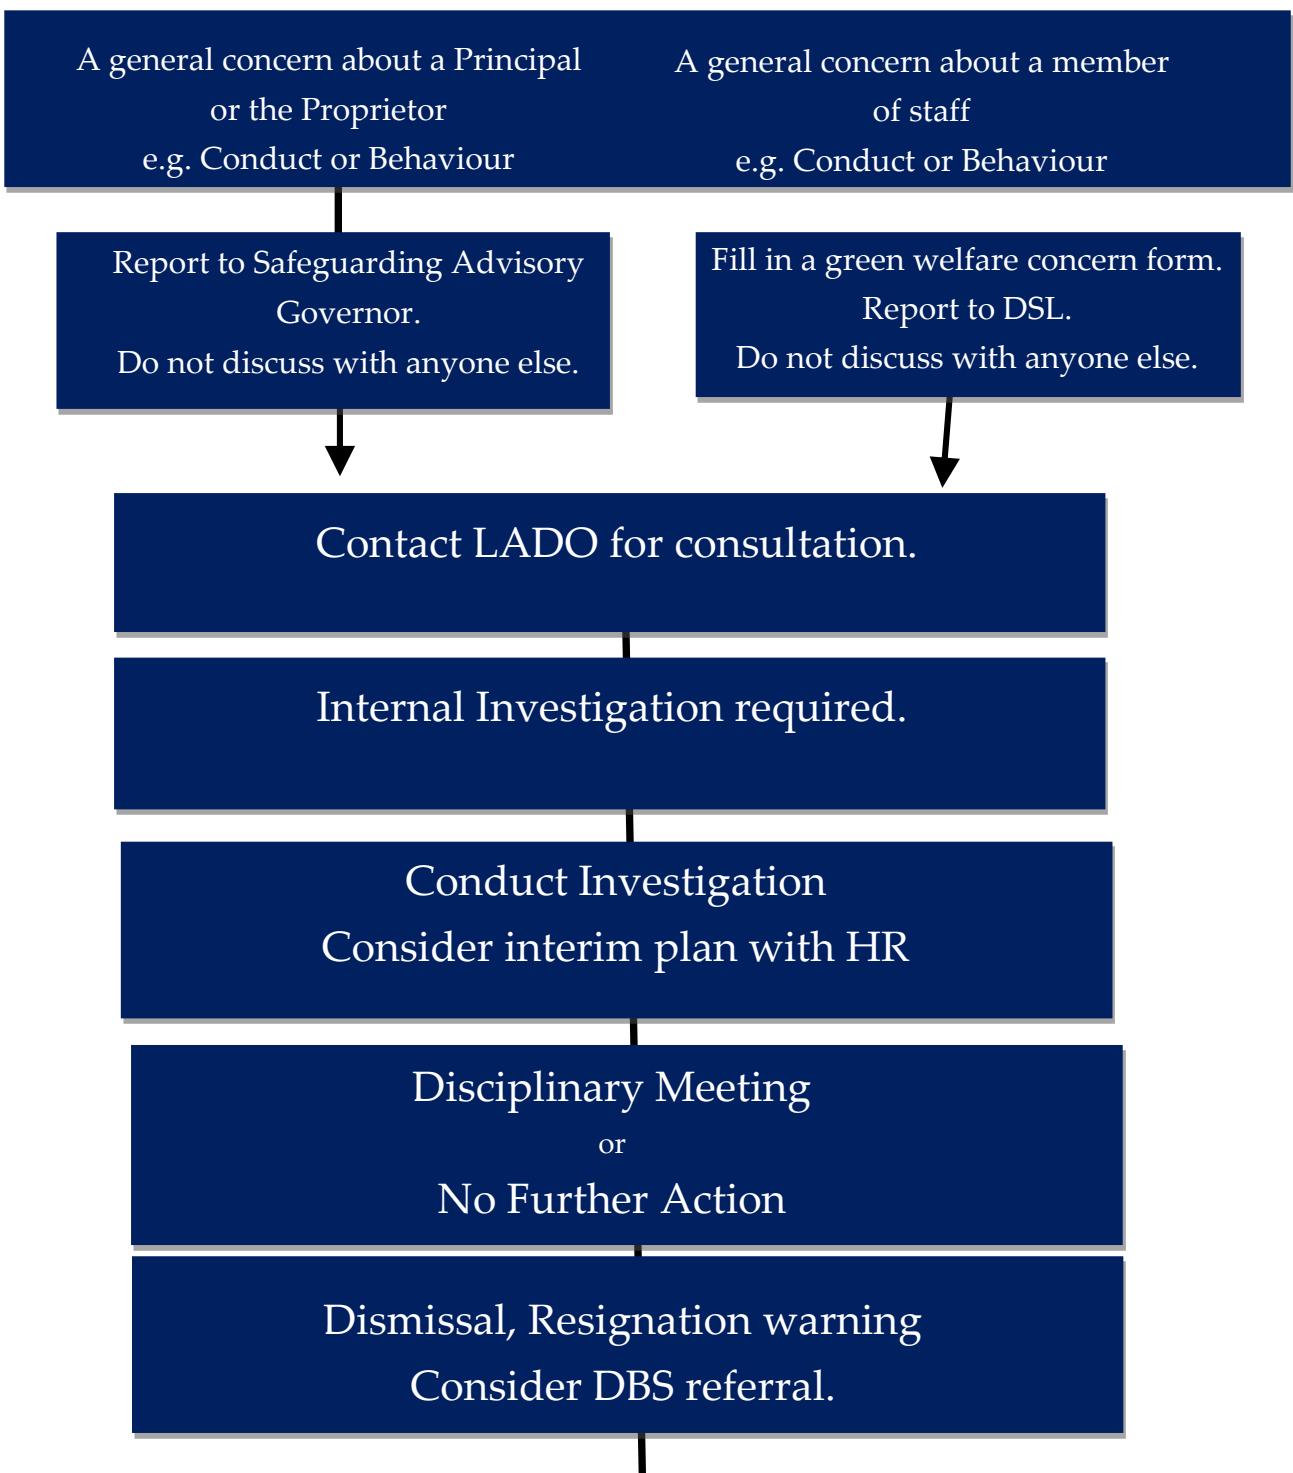

MANAGING ALLEGATIONS FLOWCHART

- Serious Allegations -

MANAGING ALLEGATIONS FLOWCHART

- General Allegations -

If any new information comes forward during the investigation, report it to the LADO.
Consider training guidance for support.
