Buckswood Education, Adventure and Travel

Buckswood is an adventure and a journey, where we measure the journey not in kilometres but in memories and moments – our trips programme certainly does that !

We often say at Buckswood that travel is the ‘fourth dimension’ in education, as it assists in placing education in context, for it broadens minds and horizons, breaks down barriers, destroys misconceptions, enhances knowledge and promotes cultural understanding.

It is for those reasons that Buckswood, run by its BEAT division has a well-established programme of annual trips, organised in such a way that the trips on offer are entirely appropriate for everyone as well as accessible to all.

These opportunities for personal growth and character-building place Buckswood students ahead of the rest.

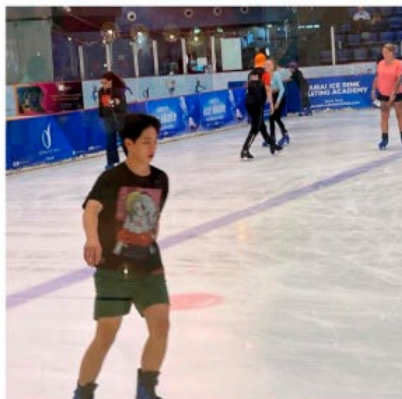

The trips on offer establish greater maturity, self-discipline, personal organisation and the ability to prioritise; all are essential qualities necessary to enhance success.

The programme of trips on offer to Buckswood scholars is ideally suited to the acquisition of these qualities.

The trips on offer do vary from term to term and year to year. This peek into where we have visited over the last few years gives one a taste of what is on offer – the smiling faces say it all !

To view the trips on offer over the school year please visit the school website – Half term trips (www.buckswood.co.uk/school-life-and-pastoral/boarding/half-term-trips/)
