

Buckswood School Key Stage 4

Key Stage 4 consists of students in Form 4 and 5. There are 9 Form classes in KS4 ensuring that students are in small groups with a Form Tutor to aid their personal, social and educational journey. At Key Stage 4 students can choose to study from 3 separate courses:

2 year GCSE. 8 subjects are studied over 2 years providing International students with the same academic challenge and pathway as British students.

1 year GCSE. 4 or 5 subjects studied in one intensive year. Purely for International students.

1 year Intensive English (IE). Focus on ESOL and Maths allowing students with a lower level of English as a Second Language to access a British Education. This builds confidence and provides a launching pad to continuing their education in the UK.

International students will also study their native language.

TRIPS

Christmas Ice Skating at the iconic Brighton Pavilion as well as Team Building trips throughout the year. All designed to bring our international students together as an inclusive and respectful cohort.

EDUCATIONAL SUPPORT

Careers provision for those wishing to pursue a career in the UK as well as specialist Study Skills workshops proven to lead to exam success. Students are also supported in their post GCSE choices.

OUR SUCCESS

Our success comes from the British setting that International students are taught in. Studying side by side with students from around the world in a traditional British school, Buckswood is the perfect inspirational setting for any aspiring young mind.
